About Us

The history of Güney Süt has started between 1970-1980 in Çukurova region with cheese trade. The first production facility of Güney has built up in Elmalı/Antalya in 1980 with entrepreneur soul of father Öder and 5 son's firm intention. This factory could be called the first brick of the existing Güney.

The Öder family has decided to go on their business life, which has started as white cheese trader/producer, producing dairy products as per the demands on 1984. That year, the second factory had been built up in Mersin with the capacity of 10 tons/day of milk by the name of Ödesan Ltd. Şti. in 1992, the second generation took place in management of the company after father Öder passed the torch to his sons. The second generation, with clear vision and mission, was well educated to analyze the sector dynamics, during the father Öder's business life. The second generation has also believed that the success depended on hard working with strong principles. The second generation who are 5 brothers has different qualifications. The most important point that the father Öder had believed them that juice sector on 30.000 sqm with the capacity of 500 tons/day while the experiences of aseptic packaging would brought the success as per the market demands. The growth target of the company has never changed during the time... In the same year, they established another dairy factory with 500 tons/day capacity on 40.000 sqm and widen the product range.

In order to receive the best quality raw milk, the Güney cattle ranch has been finished in 2007 on 1.100.000 sqm and with 2000 cows. The agricultural facility has also been started near the ranch to produce the feed.

In 2017, the Güney goat ranch has built up which has the most modern milk system of Europe on 50.000 sqm area with 2000 goats.

Now the company services to many domestic and abroad points with its executive agencies. The main export countries are Georgia, Romania, Cyprus, Iraq, Syria, Qatar, Libya, Bulgaria, Ghana, Liberia etc. the mission of the Güney is to be the sector leader on export and inland market with its capacity.

“ Today, Güney company has reached 1000 tons/day production capacity with more than 400 employees and 100 different products. ”

The Güney logo is presented in a dynamic splash of white milk. The word 'Güney' is written in a bold, white, sans-serif font on a dark green, rounded rectangular background. The splash effect is created by a white liquid splashing upwards and outwards from behind the logo, with some droplets captured in mid-air. The background of the entire page is a dark grey gradient.

UHT MILK GROUP

Güney 3% Fat Milk

حليب دسم ٣% معالج حراريا

1000 ml

Unit in a box: 12

Box Size lxxh (mm):
