

COMPANY PROFILE

KALEBLOKBIMS

Blocks - Perlite - Construction Chemicals

Kaleblokbims A.S. started out as a leader in its field and since that time has maintained its position as one of the largest and leading construction companies in its own area of operations, by a progressive and well-planned policy of expansion. We are still sprinting and working harder every day, for the company to be acknowledged as a leader of its field – a title which was achieved through the Company's integrity, reliability and professionalism.

An active and open-minded management has pursued a policy of employing professionally qualified personnel. With this highly professional type of organization, the management has rapidly been able to promote the adoption of the latest practices in the construction industry, and so create the company which is today a

leader in its field. We are committed to perform along the highest ethical and professional standards in harmony with the principles of social, economic and environmental sustainability.

This is achieved through our persistent attention to detail and an experienced team, with the drive towards customer satisfaction.

This is achieved through our persistent attention to detail and an experienced team, with the drive towards customer satisfaction. We continue to invest in modern business practices and management techniques in order to ensure that we remain at the top of our industry. We continue to form our reputation with firmly having on focus growing the ability of the business to provide new and innovative ways.

Together with an effective and upto-date approach to building materials. Kaleblokbims has also set out to become as independent as possible. Today the company owns all the necessary equipment and machineries for carrying out handed in products , besides this, it also trades all the construction materials, having in this way, a considerable reserve of construction materials which can be immediately called upon for new partners.

VISION AND VALUES

We firmly believe in human relations and working with integrity and honesty. This belief has brought us to the top of the construction materials industry and we will continue as we started in order to products and large infrastructures that will contribute to a better Turkey, for current and future generations.

Our Core Values are:

- Focus on our client's needs
- Provide customized solutions
- Deliver consistent, quality service
- Environmentally friendly
- Passion to bring new, innovative and sustainable ideas to our clients
