

# IMPORT EXPORT A.S.

+90 212 671 71 17

## Our History

We cordially present ourselves as a leading entrepreneur and trader in automotive sector as an automotive design and Engineering company; also involved in OEM, OES and aftermarket supplier of Turkish and Middle East markets.

Mlord Dis Ticaret A.S. in 2002 and MLORD Motors A.S. in 2013 have both been established here in İstanbul Turkey.

## Design, Engineering and Innovation

MLORD Motors A.S. is involved in automotive design and engineering. It's primary goal is to create an affordable high efficiency vehicles that will satisfy the needs of its clients. We have been in contact and some discussions with different manufacturers. In this respect our endeavour in achieving our goal is continuing.

We proudly can emphasize that as a distributor, we are able to provide high quality, fast and trustworthy services to our customers in Middle East.

Also by providing to our represented companies, updated information about fluctuating market conditions and general previews of our interested markets, we contributed into there development of future strategies.

We are distributors of Emerson (Leroy Somer) Group, Truck-Lite, Federal-Mogul Group, Valeo, Grammer, Simetri Mekra, Farplas, Estas.

Companies that we work with: Mercedes, Volvo, Renault, Mahle, etc.

## Number 16 in Generator Exporters of Turkey

One other sector that we are involved in is energy. We are a major distributor of European electric generator manufacturers.

According to Turkish Exporters Association figures we are among the first 1000 exporters of Turkey. We are at the 16th. in generator exporters of Turkey.
