Levom

ABOUT US

The taste of Levom products, which we produce them as additive-free, vegan, gluten-free and natural, comes from its naturality. The raw material of our products are **the hazelnut of Ordu**, **the apricot of Malatya**, **the pistachio of Gaziantep**, **the fig of Aydın**, to put it simply, the fruits and nuts that grow in the most fertile soil of our country.

Our 1300 m^2 facility in Kemalpaşa, Izmir, where we have reached international standards with modern investments, has a capacity of producing 10 million bars per month. The products collected in our advanced facility are controlled by many tests and prepared with the experience of Food Engineering. It is produced untouched by human hands in a sterile environment by our team who knows well the importance of clean and healthy production.

Levom, which we adopt with the philosophy of **"Our health is always our priority"**, is wrapped with all its purity thanks to innovative packaging technology. After all these operations, our Levom delicacies become indispensable for every moment of your life.

MISSION

Our mission is to produce quality products in accordance with the technological requirements of the era and food codex by making continuous R&D studies with our extensive engineering experience.

VISION

Our vision is to provide consumption of our products all over the world as being a global player in the healthy snack sector.

WE MADE **THE SNACKS** MORE **NUTRITIOUS** AND **DELICIOUS.**

GLUTEN-FREE

We used gluten-free nuts instead of gluten-containing cereals to keep you saturated.

NATURAL

We combined dried nuts and fruits that were dried in a natural environment and keep them safe.

DOES NOT CONTAIN SUGAR AND SWEETENERS

We have not added any sugar and sweeteners to any of our products. It is the natural sugar of the fruit that makes our products sweet.

NUTRITIOUS

We used the natural dried nuts and fruits that are highly nutritious and did not make any process on them.

VEGAN

Our priority in preparing our products was not to harm any living things. For this reason, we have never used any product of animal origin inside or outside our products.

RICH FIBROUS FOOD SOURCE

Consuming fibrous foods is a must for a healthy life. Thus, we produced fibrous-rich foods that regulate the digestive system and balance blood sugar.
