

# +28 Years Experience

VENCO continuously expands its production portfolio through R&D and P&D practices, develops its existing products and designs new products. VENCO produces quality products that are in conformance with the international certification standards, presents them to the ventilation industry and carefully selects the materials used in the production.

## *milestones*

- 1992** Imco was founded as a fan distributor company in Izmir.
- 2000** Venco was founded as a manufacturing company in Izmir and started to produce ventilation ducts.
- 2003** Venco started to produce heat recovery units and duct type electrical heaters.
- 2010** Venco moved to its new factory in 6.000m<sup>2</sup> enclosed areas at Turgutlu Organized Industrial Zone.
- 2019** Imco and Venco merged; Imco became a trading company of Venco.
- 2020** Venco started to produce F400 Jet Fan System.

## Why Venco?

Technology

Innovation

Environmental Friendly

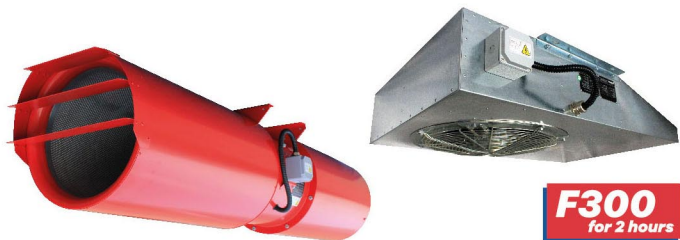

Energy Efficiency

International Sales Network

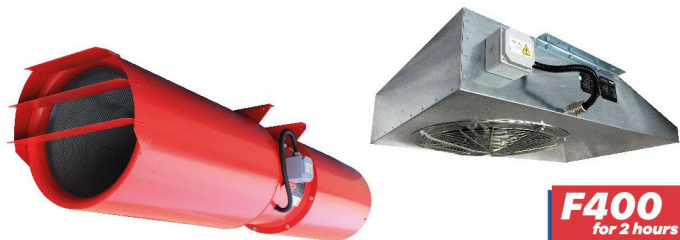

## JETFAN

Axial and Radial Jetfans / Reversible Options

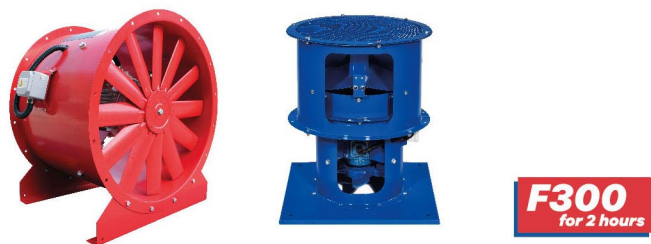

## JETFAN

Axial and Radial Jetfans / Reversible Options

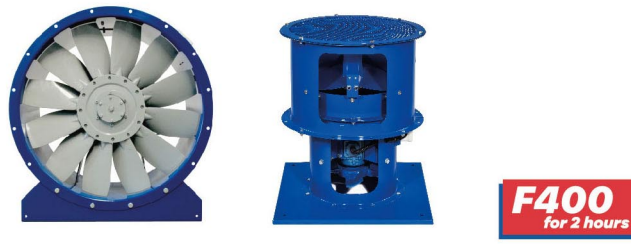

## SMOKE EXHAUST FANS

Axial and Radial / Duct and Roof Types

## SMOKE EXHAUST FANS

Axial and Radial / Duct and Roof Types

## AXIAL FANS

Duct and Wall Types

## KITCHEN EXHAUST FANS

For Indoor and Outdoor Applications

## CONTROL PANEL

MCC Control and Automation Panels

## EX-PROOF FANS

Axial, Rectangular and Wall Mounted Explosion Proof Fans

## AXIAL FANS WITH CASING

Acoustic Insulation

## PRESSURIZATION FANS

Axial Fans with MCC Control Panel, Pressure Sensor and Smoke Sensor

## HEAT RECOVERY UNITS

Direct Driven 5 Speeds AC / EC Fans / Aluminum Plate Type Heat Exchangers

## ENERGY RECOVERY UNITS

Direct Driven 5 Speeds Fans / Rotary Type Heat Exchangers

## HIGH EFFICIENCY HEAT RECOVERY UNITS

Direct Driven 5 Speeds AC / EC Fans / High Efficient Aluminum Plate Type Heat Exchangers

## HEAT PUMP HEAT RECOVERY UNITS

Direct Driven 5 Speeds Fans / Aluminum Plate Type Heat Exchangers / Including Heating and Cooling System

## CELLULOSIC HEAT RECOVERY UNITS

Direct Driven 5 Speeds AC / EC Fans / Cellulosic Type Heat Exchangers

## ELECTRICAL HEATERS

Circular Type / Rectangular Type and Air Handling Unit Type Electrical Heaters

## RESIDENTIAL HEAT RECOVERY UNITS

Direct Driven 5 Speeds AC / EC Fans / Plastic Type Counter Flow Heat Exchangers

## DOMESTIC FANS

Wall and Window Type / Radial and Axial Fans

## DUCT TYPE FANS

Circular and Rectangular Fans

## ROOF TYPE FANS

Vertical and Horizontal Roof Fans

# 4 Continents 50+ Countries

## JET FAN SYSTEM

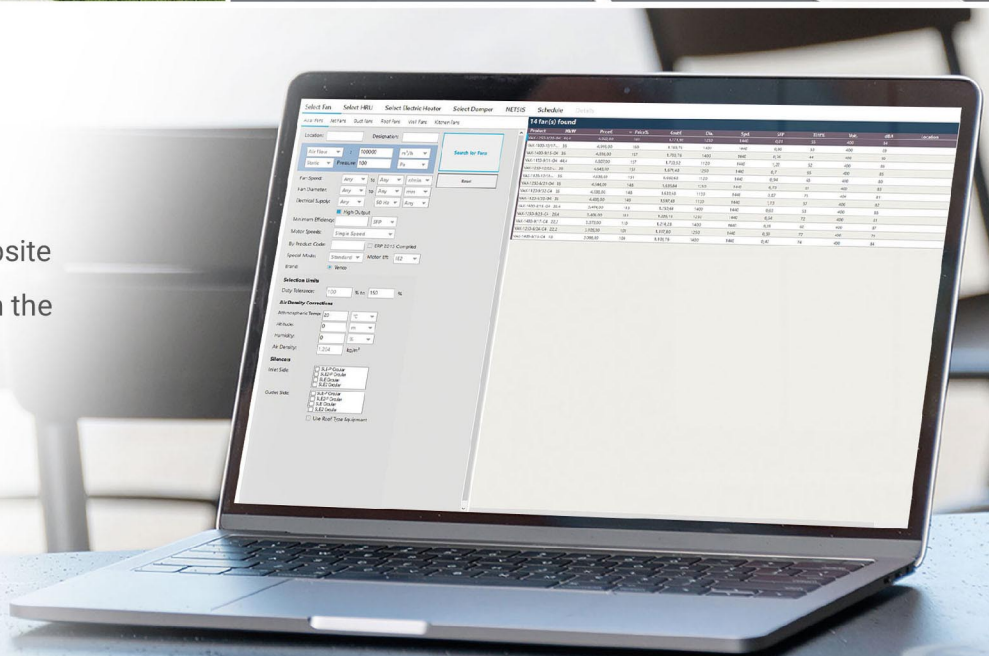

A complete Jet Fan System is provided by VENCO including;

- Mechanical Design
- CFD Analysis
- Commissioning
- Cold Smoke Test
- MCC Panels and Automatic Control Systems

## VENCO SELECTION

Please download our VENCO Selection Software from our website to find the optimum product with the best performance.
