## ABOUT US

### ACCORDING TO US, SKILL SPREADS TO THE WORLD

As Kadooğlu Yağ San. Ve Tic.A.Ş., we were founded in 2007 with the assurance of Kadooğlu Holding. Our taste journey starting with 650 tons/day in our refinement unit and 1000 tons/day in our filling unit has gained great speed with our investments and we have increased our production capacity rapidly.

We export the sunflower, corn, cotton and margarine we produce with the same care every day with a strong and dynamic team management to more than 55 countries with the brands of Kadoo, Bizce, Brinto, Mayra, Azime, Elianto and Mutfakların Şefi, at the same time, we deliver our products to all around Turkey with our 5 regional directorates and our extensive distributorship network.

With our margarine facility investment completed at the beginning of 2014, we added solid oil to our portfolio and gave speed to our domestic market and export activities with a production capacity of 200 tons / day, and we increased our capacity to 650 tons / day by commissioning the third refinery facility in 2015. When it comes to 2017, 2018 and 2019, we are happy to have increased our filling capacity to 1,200 tons/day.

Today, as Kadooğlu Yağ, which has the title of being the 1st of Turkey in export in its sector and 61 th in Turkey among al sectors, at the same time, which is one of the biggest vegetable oil factories in the Middle East, we are proud of offering taste and health together to all consumers.

We know that our edible oils, which we produce with care, not only appeal to different tastes and world cuisines, but also offer taste and health to all consumers together. For this reason, the real taste is in the skillful hands of the consumers.
