An aerial, high-angle photograph of a large industrial or commercial facility, likely a factory or warehouse complex. The buildings are arranged in a grid-like pattern with various rooflines and structures. A prominent sign on one of the buildings reads "Akseker TESİSLERİ A.Ş.". The overall scene is captured in a dark, monochromatic style with a grainy, textured appearance, possibly a halftone or dithered image.

Year 1983.

We set out for a real and sustainable success. We believed in corporate and total success not individual successes. Our top priority is always to share genuine pleasure: from our employees to our suppliers, customers to distributors.

We have made breakthroughs with confidence and stability and have surrounded the future. We never give up our vision of investing in information and technology in the global sense and never compromising our values.

We left behind years of experience to leave a positive mark on the lives of all stakeholders who prefer us and to be happy together. With this experience we have gained we have set out a new way to bring you the best new flavors and tables with our 300 professional staff.

Now with the support of this pride, always to move up to the summit and to stay in mind is our biggest goal.

Nice happy tomorrows...
