

As Selesre Textil, we have been serving in the field of textile ready-to-wear manufacturing and export since 2019.

Our textile unit is organized as 3 different groups.

In the field of women's, men's and children's outerwear, we provide services in design, Pattern, manufacturing and export in line with the demands of our customers.

As Uniforma, we manufacture and export jerseys made of all kinds of technical fabrics such as heat resistant, antistatic and fireproof.

We export high quality home textiles (sheets, bathrobes, towels) and hotel textiles (sheets, bathrobes, towel sets) by following the production process of our partner companies in the field of home textiles by our Selesre team and confirming their quality by us. .

The biggest detail that we attach importance to in all our production processes is to deliver our quality products to our customers on time.
