ARSLAN PRINTING  
PACKAGING

# THE GENERAL INFORMATION

Arslan Printing Label and Advertising Service, Industry and Trade Limited Company was established in 2001 with the vision for making works that will make a difference in the printing sector. The Company serves customers with its 40 staff and most advanced technologies shifted systems in 3000 m2 at Istanbul/Zeytinburnu.

Arslan Printing Company is one of the most accoutred and organized companies in customer-oriented service productions in Turkey with its experience in the packaging industry, its expertise in printing conduct, and its trained staff. The most important principle of the Company is to be the customers solution partner. It creates value for its customers by providing fast and contributing economically solutions.

Arslan Printing, which aims to provide unique and unrivald products to its customers, has aimed to put ones signature under the special designs by using the latest innovations of developing technology. The products are prepared down to the fine details by the design team, in line with the demands of the customers and presented to the customers taste. The designs take their final form and brought to the appropriate platform for printing by taking into consideration the expectations of the customers and new trends.

---

# CERTAIN CRITERIA ARE APPLIED FOR EACH PRODUCT PRESENTED.

Accordingly;

- The Products should be presented accurately.
- The Products should be presented most skillfully.
- Products that will bring the merch to the forefront should be prepared.
- The product should be able to be carried easily.
- The customer should be able to easily see and choose the product.
- The product should be designed to be less affected by external factors as much as possible.
- Environmentalism is essential; The product must comply with the norms that can be recycled.

# POST PRINTING

---

Based on the merch it produces, Arslan Printing has an integrated facility and adds new machines to its structure to reduce external dependency to zero in line with the demands of the customers. All machines are available at the post-press stage in box production.
