

Founded in 1977, Yilmaz Machine manufactures PVC and Aluminium Profile Processing Machines; It was established to meet the needs of Production, Installation, Technical Service & Maintenance, Fault Detection, and Spare Parts. Yilmaz Machine, which continues its sales and production activities in different continents and countries with an export volume of more than 100 countries around the world, has a dealer network of over 120 worldwide.

Yilmaz Machine has adopted the principle of development by using the technologies of its solution partners in the fields of mechatronics, pneumatics, hydraulic hydropneumatic, by providing services in the fields of research, development, design, production, sales and after-sales for changing needs. Considering the sectoral, social, and individual interests with the rapid growth it provides, Yilmaz Machine invests in the increase of its country, sector, and production volume.

Yilmaz Machine, which bases its activities on honest, respectful, socially friendly, values human, superior quality, and principles, will continue to serve you, our valued customers, with the principle of "trust".

KD 305

Dereceli Kesme Makinesi
Mitre Saw Machine
Станок для резки под углом

Portatif, Mekanik Mengene, Ø300 mm (TESTERESİZ), 230V
Portable, Mechanic Clamp, Ø300 mm (WITHOUT SAW), 230V
Портативный, Механический Прокрем, Ø300 мм (БЕЗ ПИЛЫ), 230В

KD 310

Dereceli Kesme Makinesi
Mitre Saw Machine
Станок для резки под углом

Portatif, Mekanik Mengene, Ergonomik Kol, Ø300 mm (TESTERESİZ), 230V
Portable, Mechanic Clamp, Ergonomic Handle, Ø300 mm (WITHOUT SAW), 230V
Портативный, Механический Прокрем, Эргономичная Ручка, Ø300 мм (БЕЗ ПИЛЫ), 230В

KD 310 B

Dereceli Kesme Makinesi
Mitre Saw Machine
Станок для резки под углом

Portatif, Mekanik Mengene, Frenli, Ergonomik Kol, Ø300 mm (TESTERESİZ), 230V
Portable, Mechanic Clamp, Motor Brake System, Ergonomic Handle, Ø300 mm (WITHOUT SAW), 230V
Портативный, Механический Прокрем, С тормозами, Эргономичная Ручка, Ø300 мм (БЕЗ ПИЛЫ), 230В

KY 305

Dereceli Kesme Makinesi
Mitre Saw Machine
Станок для резки под углом

Portatif, Mekanik Mengene, Yatarlı, Ø300 mm (TESTERESİZ), 230V
Portable, Mechanic Clamp, Tilted, Ø300 mm (WITHOUT SAW), 230V
Портативный, Механический Прокрем, Наклоняющийся вилка, Ø300 мм (БЕЗ ПИЛЫ), 230В
