About us

Goods and services mobilization increasing day by day and as a result of this old trade rules replaced with new ones. The term of “Big fish eats little fish” changed as “Fast fish eats slow fish.” with globalization.

BAHAB which established with this consciousness aims to contribute lpg appliances sector and world trade with following all new trends with an experienced & dynamic team and innovative perspective.

BAHAB moves with a broad vision by launching best quality products to the market with competitive prices and keeps to be sensitive to sustaniability and ecology.
