

The headquarters of Amanat company was established in China in 2006. Since 2015, he has started working as a freelancer in Turkey.

Through experience, he realized that there are great opportunities in Turkey. Due to his increasing needs, he moved to Turkey in 2019 and was officially registered. Our company is continuously developing to achieve good prices from customers due to its reliability, excellent service and good treatment.

What our company does:

Service 1 (Charging non-profit customer service for customers who want to buy goods from Turkey.)

2. Trade (We have information about reliable factories and quality goods to sell more goods at a lower profit.)

Our company hopes that customers from all over the world will turn to Turkey and trust Turkish goods.

Turkish goods are of good quality and reasonably priced.

The distance between the countries is close, and the transportation fee is low.
