

LEE MOND FOREIGN TRADE

Our company was established in 2011 and with its professional purchasing and export team, it supplies various businesses operating in many different sectors such as ready-made clothing, home textiles, electronic home appliances, glassware, food, furniture, construction materials, cosmetics, medical, industrial machinery, cargo, logistics and exports to the Middle East and European states, and operations. We are business partners with many prominent construction companies such as OFTON Construction, the leading construction company in Turkey in terms of external real estate investment. We also operate in China and have a supply point there. We evaluate the investments in your country and present your expenses to the service results. Last but not least, we present the appropriate thinking side to ensure you make profitable investments.
