

ABIS TEKSTIL

We Provide BENEFIT|

Follow US

About Us

We are engineers and over 20 years, we have worked with textile companies. Beginning was ready garments with World brands who buys trousers, shirts, jackets etc. Also knitted fabric products, like t-shirt, pyjamas, dress etc is our range.

After that experienced for nonwoven industry. We supply Spunbond(SS/SSS), SMS/SMMS, Meltblown, Spunlace and laminated/coated product types to our customers. These types of products are related with medical, filter, automotive, furniture, hygiene, agriculture, wipe, packing and promotional products.

Open end, Ring Spun yarn, Knitted and Woven fabrics are in our range and we have partner in our city and neighbor places.

In a short time, we will start to make nonwoven fabric stocks for our customers to give better and faster service.
