STEEL CONSTRUCTIONS AND GRAIN SILOS

AEMAK INDUSTRY LTD

2023

WHO WE ARE ?

“Get closer than ever to your customers.
So close that you tell them what they need well
before they realize it themselves.” — Steve Jobs

Aemak Industry Ltd. is a young and experienced company dealt with grain storage, grain handling, steel construction and special designed machine manufacturing in Turkey. Aemak is established in 2020. But our team is experienced in grain storage and handling system design and manufacturing. Our manufacturing area is about 1000 sqm in Aksaray industrial zone. Our headoffice is in city center in Aksaray. Aksaray is a famous city for grain storage industry.

VISION

By integrating the expert staff of the sector and R&D activities, keeping customer satisfaction at the forefront, reaching wider masses and being a sought-after company in the sector.

MISSION

Thanks to the experience, knowledge and experience we have gained in the machinery sector, we provide quality ergonomic and economical designs to our customers by realizing more realistic designs with R & D activities.

OUR EXPERT TEAM
