

Ipekci

OTANTIK

Welcome.

nature is our
priority

“The story of Ipekci Otantik 2008 in Denizli, the city of civilizations in the year started.

Longing for a return to nature and nature with the quest it has given; natural for centuries fabrics woven from cottons, to the clothing needs of the age without disturbing its essence we were inspired by the idea of adaptation.

Our goal is; fast-consuming industrial instead of being a part of fashion, it will be timeless and good for free spirits to be a part of sustainable life.

During production; from yarn to accessories, the most natural materials we are used. In this whole process resources as possible using less and environmentally minimize our damage We aim to download. Chemical and we do not use synthetic material.

Our respect for nature; We show our waste by recycling and reusing it. These recycled wastes come to life as accessories or packaging at Ipekci Otantik.

Ipekci Otantik products, international quality standards appropriate certificates;

- ISO
- TEXTILE EXCHANGE
- Global Organic Textile Standard GOTS
- EKO-TEX Standard100

“Ipekci Otantik inspiration is nature and it reflects this in its colors. Every tone, every line unique gifts for us.

“Produced from special yarns of local companies in Turkey, with pure cotton and linen fabrics; compatible with the skin, getting better with every wear, comfortable, stylish, effortless to wear in any setting and anytime we manufacture clothes. Our aim is simple and long wearable, sustainable fashion.

Every piece we produce is very valuable to us. That's why we give the same care to every product.

This next to you; we support housewives by buying the products that hundreds of women make with their own hands in their homes.

Of a collection formation; from all the fuss far away, after a long labor is formed. The process in which our designs come to life and come together with you; The most enjoyable part of our job.

In this process, the feedback we receive from you is a guide for us.

Again, every time, the same we design with excitement and passion our products.

The vast majority of our collections though for women; men and to produce children's collections we love. Some of our models are uni-sex as we design. With the support we get from you; As İpekçi Otantik family, with the same enthusiasm keep designing and producing we will.

For nearly 15 years Turkey and many countries we are a well-established company engaged in wholesale production.

Our production journey during; how we felt growing up what we understand what we interpret taught a lot. This experience and with the awareness of awareness, locally fed and a brand that thrives with it aspect; with the excitement of the first day and with the love of producing, we are trying to do the best.

“Join our excitement. And Ipekci Otantik feel the magic it creates in your bodies...”
