REKA OIL

REKA BİTKİSEL YAĞLAR SAN.
VE TİC. A.Ş.

ABOUT US

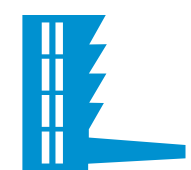

- Reka Oil was established in April 2010, Reka Oil's headquarter is in İstanbul and the factory is in Thrace region.
- As of August 2017, the major shares of Reka Oil were purchased by BIM Supermarket, who has the highest market share in organized retail sector in Turkey.
- Reka Oil's core business is to crush, refine, trade and distribute agricultural commodities and Reka Oil focuses mainly on sun seed.
- Reka Oil is one of the key suppliers of the well-known sunflower oil brands in Turkey.

Reka Oil owns Turkey's largest integrated edible oil plant. Crush division started production as of May 2013, refinery division started production as of October 2013.

PRODUCTION CAPACITIES

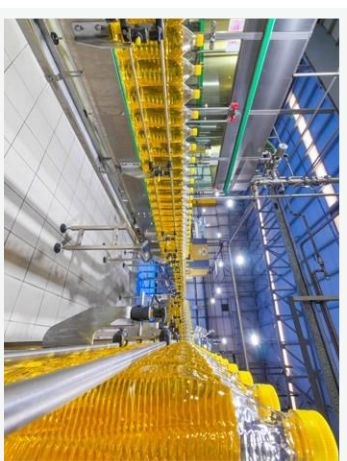

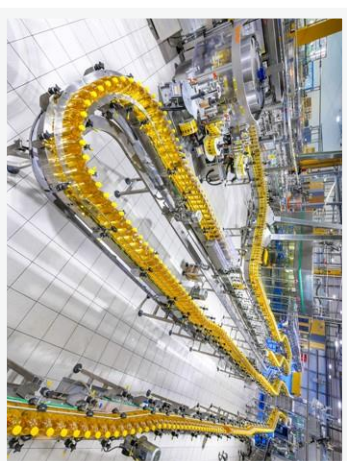

Crush
2.100 tons/day

Refinery
1.100 tons/day

Bottling
1.500 tons/day

REKA OIL FACTORY

- Is Turkey's biggest integrated plant. It is at Muratlı, Tekirdağ , which is placed in Turkey's largest sunflower and rapeseed cultivation area.
- It has an optimum distance to railroad (1.5 km) and port locations (35 km) which generates logistic advantage in import from main oilseed countries such as Bulgaria, Ukraine and Russia.
- It has an excellent access to urban edible oil consumer markets in the populous and wealthy Marmara region, which has 40% of the refined liquid oil market share.

Has

- 190.000 m² open area
- 50.000 m² closed area
- 70.000 tons storage capacity for oilseed
- 50.000 tons storage capacity for oil
