

Ağır Haddecilik is a steel manufacturer established in 1984 in Düzce. Along with operating a steel service center we specialized in manufacturing Patterned Sheets, Pipes and Profiles, Expanded Metal Sheets and Embossed Metal Sheets.

Our main factory in Gebze has a massive capacity of 500.000 Tons operating in 45.000 m2 total space and 35.000 m2 indoor space located 10 km away from port. Ağır Haddecilik known for its quality worldwide, is one of the largest exporters in Turkey.

We manufacture our metal sheets using state of the art technology and machinery.

Our exported products is packaged using high quality steel straps with the pallets, being reinforced with craft paper for maximum protection.
