

FABROTEX

Tekstil San. ve Tic. Ltd. Şti. Company Profile

WHO WE ARE

Fabrotex is a company which produces high quality textile products for houses and hotels established in Bursa/Turkey.

With a wide range of products, we respond to the demands and needs of our customers in the fastest way and deliver our products in a short period of time thanks to our advanced production power.

Thanks to our flexible production capability, we are able to serve our customers' needs in the most appropriate way.

We express all this quality phenomenon in one word:

FABROQUALITY

OUR QUALITY POLICY

Creating Fabrotex “quality culture”

Setting quality standards within Fabrotex

Providing necessary conditions to reach the highest performance

Focusing all our activities on customer satisfaction

Following today’s fashion and trends closely, presenting the best culture for customer expectations and developing new products.

WHAT WE OFFER

We are producing high quality fabrics, bedding sets, bed sheets, pillowcases, duvets, pillows as finished products. The fabrics we produce for bedroom group mainly consist of;

* 100% cotton satin fabrics as plain dyed, striped and printed (212 TC, 130 gsm)

* 100% cotton ranforce fabrics as plain dyed and printed (144 TC, 115 gsm)

* 100% cotton flannel fabrics as plain dyed and printed (82 TC, 165 gsm)

* 100% cotton seersucker fabrics as printed (152 TC, 130 gsm)

A new pattern collection is prepared every season by our design team. Also we can produce with your own patterns. (For the details please contact us)

We can produce the bedsets, bed sheets, pillowcases, bedspreads, duvets and pillows with any dimensions which your request. And we can package as your request.

WHAT WE OFFER...

Because of we have our own weaving saloon we can produce many fabrics from 90 cm until 320 cm width both dyed/printed, yarn dyed and greige with specs you need.

The fabrics we produce mainly consist of;

- * 100% Cotton Fabrics, %100 Poliester Fabrics, 100% Viscoze Fabrics etc.

- * Polycotton Fabrics, Viscose/Cotton Fabrics, Poly-viscose Fabrics etc. (in desired mixing ratios)

- * Plain Weave, Satin Weave, Twill Weave, Basketweave etc.

- * Woven fabrics from raw virgin yarns, mixed virgin yarns, dyed yarns, regenerated yarns etc.

We can produce up to 1 million meters of fabric per month in the construction you need.

We can serve you as a finished product or as a fabric.

Quality production requires experience, dedication and unconditional commitment. It requires love until the final product is formed from the yarn. We have been keeping these values since our establishment and we are very pleased to give you this experience.
