# Company Profile

# Corporate Viewpoint

Tanriverdi Mensucat SAN. AS. is one of the leading textile-manufacturers in Turkey; a country with great potential at textile production. Tanriverdi has acquired a versatile production chain to cater flexible orders in shorter lead-time. Being an industry-standard certificate holder, Tanriverdi assures the perfect blend of quality and efficiency. It is truly an organization with a glorious past and a bright future.

## Journey for Excellence

In 1970, Recep and Ibrahim Tanriverdi brothers. They founded Tanriverdi Mensucat Company.

In 1986, first production of magrame and embroidery was started at the factory in Çatalca, Istanbul. Following the new big investments, yarn twisting, printing, upholstery, coating weaving, dyeing & finishing and sewing were added to the production line.

In 1995, all companies merged under the roof of Tanriverdi Holding. Today, Tanriverdi is one of the leading integrated curtain manufacturers in the world. With its brand name Verdi and Tanriverdi is known worldwide as a leading company at HOME TEXTILE business.

The logo features the word "Verdi" in a white, elegant script font, positioned over a dark green rectangular background. A bundle of dried lavender flowers is placed vertically across the logo, with its stems extending downwards.

*Verdi*®

A large, rectangular swatch of a dark grey, heavily textured fabric, possibly wool or a similar natural fiber, is centered in the lower half of the image. It has a coarse, woven appearance.

Embroidery, weaving, dying & finishing, printing,  
coating and sewing with 100% in house production.

**Environment Friendly**

*Verdi*<sup>®</sup>

## Design & Development

**TANRIVERDI has more than 60 designers at R&D and product development team as well as outsourcing designs from most well known design studios in EU, UK, USA & JAPAN. Creating trend, following the market & customer needs with high quality products.**

*Tanriverdi*<sup>®</sup>

# Quality Control & Assurance

Through out its decade-long operation, Tanriverdi has perfected Quality Control System, which includes scrupulous checks, to ensure flawless production. The experienced Quality-Control (QC) team extends its operation even into the procurement of raw-materials and machinery.

Tanriverdi has contiously restructured this system and it now features a unique capability in terms of industry-low rework and repair rate. It has acquired the latest Quality-Control equipment and developed quality-consciousness among the workforce.

**GO GREEN** is Tanriverdi's philosophy, taking actions about environment and having social responsibility is our responsibility to the world and our future generations.

**FUTURE WILL BE MORE  
BRIGHTER THAN EVER**

As  ; we have joined the race to make the World a better place.

- 100% of our electricity consumption will be generated from our Solar Power Plants by middle of 2023
- TANRIVERDI's target is creating a ZERO footprint within the framework of our CARBON ZERO policy by middle of 2023
- 13MWP installed capacity, 24 million KWh generated from our Solar Energy Plants annually every year
- More than 24000 metric tons of CO2 ( 24.000.000kg ) emission will be avoided
- More than 1.985.000 trees will be saved
