

**FORWARDING  
YOUR  
POWER**

Founded in 2014 under the leadership of Ayla Atat and Fadi Atat, the children of the industry stalwart Hanri Atat, **ATAT Transport Solutions** aims to be a leading and innovative company in the rapidly changing global world, in line with its title. With its rich heritage, corporate culture, and professional team, the company strives to provide its customers with the most suitable transportation solutions for their needs.

In addition to our offices in Istanbul and Istanbul Airport, our **Bursa** and **Izmir offices** have been operational since 2023.

- Under the approved authorization of the Ministry of Transportation, within the scope of the TIO license, we take advantage of Turkey's geographical location and offer regular FTL and LTL road services to Europe, CIS Countries, Israel, Lebanon, and Iraq with our expert team.
- We offer door-to-door or port-to-port FCL and LCL sea transportation services to various destinations worldwide, including the Mediterranean (Israel, Lebanon, Egypt), North Africa (Tunisia, Morocco, Algeria, Libya), Middle East (Jordan, Kuwait, Qatar, United Arab Emirates, Saudi Arabia), North America, and Europe.
- As an agent authorized by IATA and approved by Turkish Civil Aviation, our office at Istanbul Airport, along with our experienced team and extensive agency network, provides services to anywhere in the world with the most cost-effective and accurate options.
- We provide railway import and export transportation services as an alternative to road and sea transportation from Germany, the Netherlands, Belgium, Hungary, Austria, the Czech Republic, and Slovakia to Istanbul.
- Due to the changing habits of doing business in the global world, our experienced team is at your service for cross-trade shipments.
- We offer door-to-door services for your project cargo, exhibition shipments, perishable goods, and hazardous materials.
- We provide warehousing services and offer transit transportation to neighboring countries through Turkey's ports/airports.
- We provide certified and non-certified lashing services for containers and trailers with expert teams at all ports across Turkey.

► Since the beginning of 2022, we take pride in being the first company to offer regular partial (LTL) road transportation services from Turkey to Israel. Our truck departs from Istanbul on Saturdays and arrives in Israel on Tuesdays, with the cargo being ready for import at the Ashdod warehouse on Wednesdays. Our partial trucks are suitable for long pipes, profiles, or asymmetric products that require top loading with a crane, as they can be easily loaded from the sides or from the top. Additionally, upon request, loading directly from the factory is also available.
