

GÜZENLER FERTILIZER COMPANY, founded in 2002, is a leading company in the field of fertilizers with more than 20 years of experience, whose main job is to import and export fertilizers.

With its international commercial activities that started in the nineties, it exports chemical fertilizers imported from Egypt, Russia, Oman and the Turkish Republics to abroad with the "fast and early delivery" service principle from our A Type bonded warehouse in Mersin. Our company, which exports to countries such as Liberia, Cyprus, Italy, Lebanon, Syria and Israel, offers it to our valuable farmers with the support of our domestic dealers.

Our company, which has more than 2000 dealers in almost every cities in Turkey; With its annual average fertilizer sales of 250-300 thousand tons, it provides reliable service to our farmers in domestic and foreign markets with our innovative and experienced staff. We also have offices in three different cities of Turkey. Our goal for the future is to make our name known to more countries in the fertilizer sector and to contribute materially and morally to our country in this regard.
