ABOUT US

Setre, which opened its first store in 1970, took its place among the important brands of the women's clothing sector in a short time with its high quality and rich product range.

Setre Tekstil, which is an example of sustainable development with its sales points spread throughout Turkey and the world; continues domestic production without compromising its principles in the product, service and quality chain.

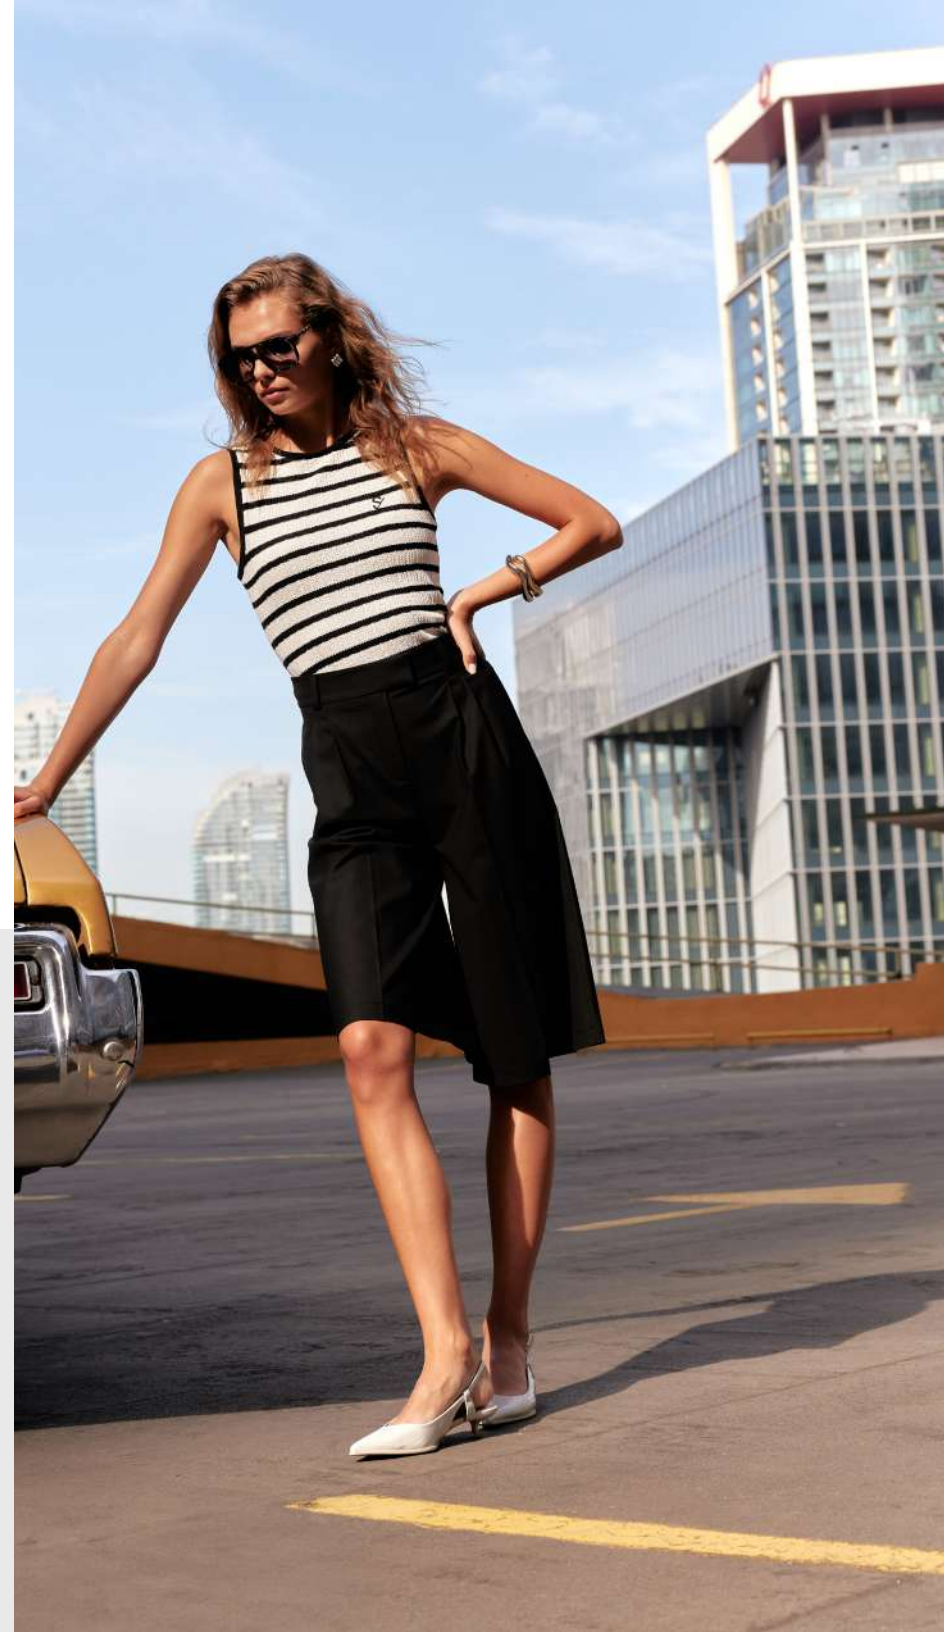

Setre Tekstil continues its export activities in more than 90 countries, mainly in England, ABD, Ireland, France, Portugal, Germany, Albania, Kuwait, Bahrein, UAE, Japan, S. Korea, Lebanon, Ukraine, Azerbaijan, Russia, Morocco, Tunisia and Saudi Arabia.

Today, Setre Brand continues to keep the pulse of fashion with its Seyrantepe factory building, Nişantaşı and Seyrantepe retail stores and Osmanbey wholesale store. Aiming to increase both its retail network and export potential in the coming days, Setre Tekstil takes its steps as a close follower of technology.
