ENHANCED PRODUCTIVITY

Primacy is perfect for printing large runs because it personalizes color cards in record time: up to 225 cards per hour for single-sided printing and 140 cards per hour for dual-sided. You save time and increase productivity.

PROFESSIONAL PRINTING

Primacy printers feature 300 dpi photographic resolution and edge to edge printing for optimum print quality.

Your cards convey a professional image of your organization.

EASE OF USE

The card feeder and output tray are directly accessible on the front of the printer, so you can check the cards as they come out.

With the Evolis Premium Suite[®] software you can receive notifications and easily control the printer from your computer.

Evolis High Trust[®] ribbons are easy to install and automatically recognized by the printer.

SCALABILITY

You can upgrade your printer according to your needs by adding magnetic stripe, contact or contactless chip encoders.

The printer can be factory configured for dual sided printing, or the function can be activated on site.

HIGH CAPACITY

The large capacity card feeder and output tray hold 100 cards - so you don't have to refill the printer as often. Primacy offers high capacity in a compact footprint.

LASTING INVESTMENT

Primacy benefits from Evolis' experience and proven quality control to ensure optimum performance and perfect results. We back up our strong commitment to quality with our 3-year standard warranty
