ABOUT US

Our company, since 1992, Tümev Tic. Ltd. Sti. operates in the retail sector with its shopping store in Darıca, and in the furniture sector with its panel furniture production and project-based contracting works in Gebze. We deliver a wide range of products, from furniture to white goods, from small household appliances to technological products, directly to consumers through our shopping store with a capacity of 10 thousand m² in Istanbul and Kocaeli regions. In addition, we have a 4 thousand m² furniture factory located in the ÇBS Boya complex. The factory produces and exports the woodwork projects of domestic and foreign construction companies on the one hand, and the standard bathroom and kitchen cabinet needs of showroom and e-commerce customers under the Bella Mobel brand, on the other.

Construction companies' bathrooms, kitchens, cloakrooms, doors, laundry cabinets, etc. In addition to meeting the needs, we have recently focused on the production of standard bathroom cabinets. Our product collections, which we have prepared especially for the US market, have attracted great interest from visitors from the USA, Canada and England at the UNICERA 2022 fair. We currently supply bathroom cabinets to our customers in the US states of New Jersey, Chicago, Tennessee and Texas.

In our factory, cutting-edge cutting machine, banding machine, CNC, paint shop (Wagner pumps are used for painting in the sections with air-purified water tanks), cardboard machine, sanding machine, Italian squeezing machine for the durability of the products, high-level protected packaging and for writing on the packages. There is an industrial printer. Product packaging complies with e-commerce standards and has been tested for durability. The products produced with high quality MDF in our collections are special designs with intense hand workmanship, which are expressed as painted in American style models. Quartz countertop models, known for their durability and longevity, are used in these products. In addition, the under-counter sink is integrated with white quartz. Bathroom cabinet mirrors have options such as flat, led and touch led.

In order for you to see our portfolio network that we have created with a project and quality business understanding in the sector, we present our reference projects that we have done before to your attention in the continuation of the file.

INTERNATIONAL REFERENCES

In this section, you can examine our reference brands and projects that we have exported recently. Service was provided for the standard product needs and wooden project works of our customers in different countries such as the USA, England, Iraq, Romania and Belgium.
