In 1970, Telsas, having almost 55 years' experience in the production of steel and iron, started wire production.

Since 1979 Telsas has been operating in its 3.500 m<sup>2</sup> covered and 7.000 m<sup>2</sup> open manufacturing facility located in Alibeykoy, Istanbul.

Currently, Telsas produces a wide spectrum of wire products, ranging from 0.50mm to 12mm, for major European, Middle Eastern and Asian companies.

Telsas, with an export reference of more than 35 countries, has a world-wide reputation on its field.
