DUDOMI

ABOUT US

Dudomi, Türkiye's young and trendy noodle brand, which entered the sales channels in 2022. It was produces six different ambitious and delicious sauce options, specifically tailored to meet the preferences of young noodle enthusiasts. However, do not let our youthfulness deceive you. We derive our strength from Eriş, which was established in 1920 and is one of the largest flour producers in Türkiye.

Our claim to taste is not just about offering flavors that appeal to the palate. Our entire production process is managed as a whole with Halal and Reliable Food criteria. Therefore, no artificial preservatives, coloring agents and MSG additives are found in any Dudomi product. As a result, the entire Dudomi product family is presented to the market together with ISO 9001 Quality, BRC Food Safety, V-Label, and GIMDES Halal Food Certificates.
