

ONE *of the* LARGEST PRODUCTION CAPACITIES in Turkey 2000 mt/day

It was a real pleasure to meet you.

Due to the limitation of space and time, I may not give you enough information, therefore I would like to take this opportunity to introduce our company and its products, with the hope of establishing business relations with you in the future.

Kozlu Flour Mills was founded in Amasya in 1954. It started its production with 16 tons/day wheat processing capacity and now it reached 2.000 tons/day (which means one of the largest production capacities in Turkey)

We would highly appreciate it if you kindly give us your specification (ash, protein, gluten or some detail about your demand) and port name and packing type (50kg - 45kg - 1kg etc) so that we study it and come back to you with our offer.

Thanking you for your kind interest and we look forward to your early reply,

Please use the below QR codes and add me to your mobile phone or start a WhatsApp chat.
To be able to send you further info please send your;
