### **Democratic design.**

Sixty years ago, we set out the vision of producing quality and accessible products that are well-designed, unique, and understand the needs correctly. Tilia's most significant motivation in this journey is the ability to respond to real needs in the flow of life while having the principle of reflecting the importance we attach to nature, people, and being good in every area.

Today, Tilia places the “democratic design” principle to its core values. With that, we aim to make thought-through, contemporary designs accessible to every design lover with materials that are sustainable for our world.

CHAIR EOS-P

The egg-shaped seating area, which forms the core of the Eos chair, combines two different colors in a flawless way. These two colors are combined uniquely with the injection system and offered with white legs. While each inner surface of the seating area with 11 different coating options ensures a perfect match for the white legs, Eos P brings classiness to places with the durability of polypropylene.
