Edible Oil

Product

Elita Gıda, a Sunar company, was founded in 2006 with an 20 million dollar investment for the production and sales of quality and healthy edible oil, processing oil seeds grown in Türkiye.

Sunar corn, sunflower, safflower and Canola oils, which Elita Gıda offers to market in accordance with "From Seed To Table" food safety chain, are the desired edible oil brands of world cuisine. Other than retail products, sunflower, corn, canola and other cooking oils produced with the purpose of industrial / out-of-home consumption are offered to consumers and processed food companies with the "Sunar Professional" brand and 18L tin packaging.

Elita Gıda is one of the few integrated production facilities in Türkiye, it incorporates crude oil production, extraction, refining, and filling operations, and process oil seeds that procued directly from farmers into a final product.

Elita Gıda is one of the most modernized edible oil production facilities in Türkiye with its advanced technology and automated infrastructure that minimizes human error at every stage of production. Elita Gıda, which gives the utmost importance to food safety, not only offers quality products to consumers and reliable services with the Quality Management Department, laboratories, expert personnel and technological infrastructure that it formed with the understanding of superior quality but also works as the region's arbitrator laboratory.

Elita Gıda has the "ISO 9001 Quality Management System", "ISO 22000 Food Safety Management System", "ISO 10002 Customer Satisfaction Management System", "Halalen Tayyiben Certificate", "Halal Certificate of Compliance", "FSSC 22000 Food Safety System", "KOSHER", "ISO 27001 Information Security Management System", "OHSAS 18001 Occupational Health and Safety Management System", "ISO 14001 Environmental Management System", "IQNET", "Certificate of Conformity to Turkish Standards" and "TSE Covid 19 Safe Production".

Also, Elita Gıda carries out operations within the understanding of "Total Quality Management". Thanks to its more than 20 years of oil production experience of Sunar, Elita Gıda is ranked on the ISO 500, which is prepared by the Istanbul Chamber of Industry and lists the industrial giants of Türkiye, and has been among largest companies in Türkiye for the past eight years.

Approach

Elita Gıda is one of the most modernized oil production facilities in Türkiye with its advanced technology and automated infrastructure that minimizes human error at every stage of production.

Elita Gıda, which attaches great importance to food safety, offers quality products and reliable service to consumers with its Quality Management Department, Laboratories, and high-tech infrastructure.

Thanks to its 20 years of edible oil manufacturing experience and wide sales network, Elita Gıda has been ranked among top 500 companies in Türkiye on the ICI (İstanbul Chamber of Industry) 500 List.

Elita Gıda has the;

- ISO 9001 Quality Management System Certificate
- ISO 22000 Food Safety Management System Certificate
- FSSC 22000 Food Safety System Certificate
- ISO 27001 Information Security Management System Certificate
- KOSHER Certificate
- Halalen Tayyiben Certificate
- Halal Certificate of Compliance (TSE)
- Certificate of Conformity to Turkish Standards (TS 886, TS 888)
- ISO 10002 Customer Satisfaction Management System Certificate
- OHSAS 18001 Occupational Health And Safety Management System Certificate
- ISO 14001 Environmental Management System Certificate
- SCS Global Sustainably Grown Certificate
- TSE Covid 19 Safe Production

In the lights of it's "Sustainability Vision" Elita Gıda, implements routine supplier audits with the purpose of encouraging its suppliers to behave with the same awareness by means of food safety, environment, and social requirements. Thanks to its more than 20 years of oil production experience of Sunar, Elita Gıda is ranked on the ICI 500, which is prepared by the Istanbul Chamber of Industry and lists the industrial giants of Türkiye.

Corn

Our corn oil differs from other edible oils with its distinctive flavor and unique taste. Corn oil is widely preferred due to its characteristic taste. Even when exposed long term high temperatures corn oil does not lose its character and not become oxidized easily. It is best when used in stir and deep frying but also preferable in all dishes and desserts. It is rich for Linoleic acid (Omega 6) and vitamin E.

NEW

SUNAR

Enriched with Vitamin D

Vitamin D deficiency is one of the most common vitamin deficiencies in our country. Vitamin D deficiency causes many health problems, especially in bone health and weakening of the immune system. Strengthening public health, being resistant to diseases, will be possible with healthy and balanced nutrition of individuals.

Sunar Vitamin D Enriched Sunflower Oil

Sunar Sunflower Oil is now enriched with vitamin D, like sunflowers that take the miracle from the sun.

- It is sunflower oil enriched with vitamin D.
- Daily consumption of 100 ml Sunar Sunflower Oil meets the Vitamin D nutritional dietary reference values.
- You can use Sunar Sunflower Oil with Vitamin D and Sunflower Oil in all your meals.

Sunflower Oil naturally contains Vitamin E.

- 100 ml of Sunar Sunflower Oil, naturally contains Vitamin E in its structure, meets approximately 4 times the daily Vitamin.

Sunar Vitamin D Enriched Corn Oil

Sunar Vitamin D enriched Corn Oil offers strong health system and delicious meals for your whole family.

- This is Vitamin D enriched Corn Oil..
- Daily consumption of 100 ml Sunar Corn Oil meets the Vitamin D nutritional dietary reference values.
- You can use Vitamin D enriched Sunar Corn Oil in your meals.
- Corn Oil naturally contains Vitamin E and Provitamin A.
- With it's Vitamin E content, 100 ml Sunar Corn Oil meets the daily Vitamin E dietary reference values.

Benefits of Vitamin E

- Prevents cell damage.
- Prevents free radicals, that causes cell damage, with its strong antioxidant properties.
- It is good for skin health and acts as an anti-aging agent.
- It moisturizes the skin.
- It is good for haling skin problems such as eczema and scalling.
- It strengthens the immune system.

Contains Vitamin D and E

D
VITAMIN

E

Vitamin D and Its Benefits

- Maintains calcium and phosphorus balance of the body.
- It is required for bone and muscle improvement.
- Fights against hypertension, heart disease, various cancer types and autoimmune diseases.
- Vitamin D is crucial for bone health. Helps preventing osteoporosis and bone defects.
- 1000-1500 IU Daily intake of Vitamin D reduces the risk of cancer development.*
- Studies have shown a reduction in the risk of breast cancer development in the women premenopausal period with high doses of vitamin D intake.
- Vitamin D helps to reduce depression.
- Vitamin D is effective in maintaining brain development and health.
- Vitamin D improves cognitive functions.
- Vitamin D may reduce the risk of cardiovascular disease.**
 - Adequate intake of Vitamin D in babies and children plays an effective role in bone health.

Who Should Take Vitamin D Supplements?

- People who spend most of their time indoors during the day and those who use sunscreen should take Vitamin D supplements.
- Despite overweight people are exposed to sunlight sufficiently, the Vitamin D produced in the skin can become ineffective by being trapped by enlarged fat cells.
- Elderly individuals are at risk of Vitamin D insufficiency due to the conversion of Vitamin D to the active form in the kidneys and reduced absorption of the stomach and intestines.

Sunar Professional High Oleic Sunflower Oil

“Superior Performance for Professionals”

Description:

High Oleic Sunflower Oil (Hoso): High oleic sunflower oil is very high in oleic acid which is monounsaturated fatty acid. High oleic sunflower oil is usually defined as having a minimum 80 percent oleic acid.

Sunar Professional High Oleic Sunflower Oil: Sunar Professional High Oleic Sunflower Oil, Hoso, is a high quality and healthy oil. It is special for having an excellent heat stability and high monounsaturated fatty acid. It is the best for superior performance, thanks to special formula.

Specifications:

- It has a very neutral taste and provides excellent stability without hydrogenation.
- It offers a trans fat free oil solution for professional customers.
- It prevents oil from foaming during frying thanks to its superior formula.
- It is ideal for deep frying thanks to high smoke point and excellent formula.
- Suitable for healthy diet. In addition to natural source of vitamin E, it is rich in healthy monounsaturated fatty acids.
- It has high heat stability because of high smoke point. Smoke point is 240 0C.
- It is ideal for a healthy and well balanced diet. High oleic content helps to lower LDL cholesterol, triglycerides and coagulation.
- It resists oxidation. It does not go rancid easily like other oils.
- It does not produce toxins at frying heat.
- It can be used alone or in combination with other oils.

Applications:

Deep frying, stir frying, sautéing, baking applications, marinades and sauces, spray coating oil for cereal, non dairy creamer and confectionery.

Storage conditions: Should be stored in a cool, dry and odorless environment protected from the sunlight.
