GLUTEN FREE & VEGAN

HIGH FIBER VEGAN PROTEIN SOURCE SWEETENED WITH APPLE JUICE

Why MOM'S ?

We are in pursuit of additive-free, plant based food. We maintain a small batch oven baked artisanal process. We increased the richness of the oat with fruits, nuts and seeds. We used evaporated apple juice instead of refined sugar and added one of the most valuable foods in nature: Wheat germ. We roasted our granola using extra virgin olive oil. We never use any preservatives, sweeteners or aromas in our granola / gluten free granola and organic gluten free granola. You may prepare it with milk, yoghurt, ice cream or, if you wish, with added fresh fruits of your choice. Or as we often prefer to do; that is, by the handful.

Enjoy
