10 Person Touch Same Time

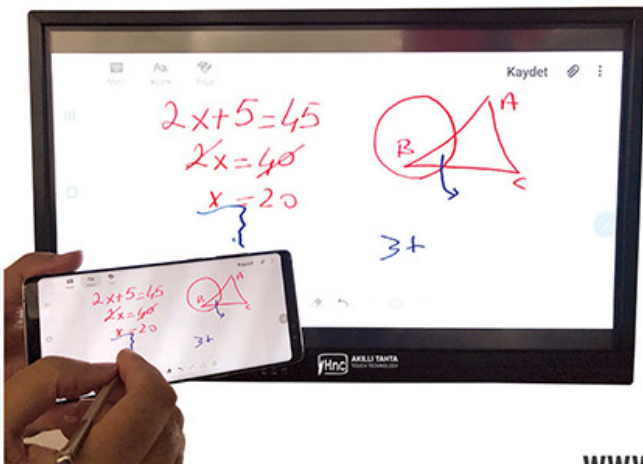

Anti Glare Glass for Eye Protection

"Hnc led touch panel let you reach the best possible 4K ultra Hd resolution, which provides higher definition for texts, images and videos."

- HNC Touch Panel is functioning with 10 people usage simultaneously while maintaining high speed without delays in writings appearance on board.
- Additional software with hundreds of graphics, tables and images designed for classrooms and conference rooms is installed in HNC Touch Panel.
- Anti glare tempered glass is being used in production of our Touch Panels. That type of glass protects both: eyes from gleaming and surface of the panel from the damaging.

- You can connect smartphone to HNC Touch Panel and continue using both of them simultaneously. While connected all info appearing on our HNC Touch Panel will be shown on smartphone either.
- There are 2 usb sockets for your convenience in order to have access to files. HDMI and touch function technology also available for connection with your laptop.

HNC-H65'' led monitor

DISPLAY SPECIFICATION

| | |
|-----------------------|--------------------------|
| Frame Colors | Black |
| Diagonal Display Size | 65" LED backlight |
| Active Area (Mm) | 1428.48 (H) x 803.52 (V) |
| Resolution | 3840*2160 |
| Pixel Pitch | 0.372mm x 0.372mm |
| Back Light | Direct type LED |
| Aspect Ratio | 16:9 |
| Contrast Ratio | 1600:1 |
| Colors | 1.07 billion colors |
| Brightness | 350cd/m2 |
| Viewing Angle | 178° |
| Screen Surface | Anti-glare 4mm Mohs7 |

INTEGRATED WINDOWS STANDARD OPS PC (OPTIONAL)

| | |
|---------------------|----------------|
| Windows OPS PC Slot | Yes |
| CPU | i5-3.4ghz |
| Chipset | Intel H81/H110 |
| Memory Capacity | 4 GB |
| Storage Capacity | 128 SSD |

ANDROID OPERATION SYSTEM

| | |
|-----------------|-----|
| Android Version | 5,1 |
|-----------------|-----|

ELECTRICAL

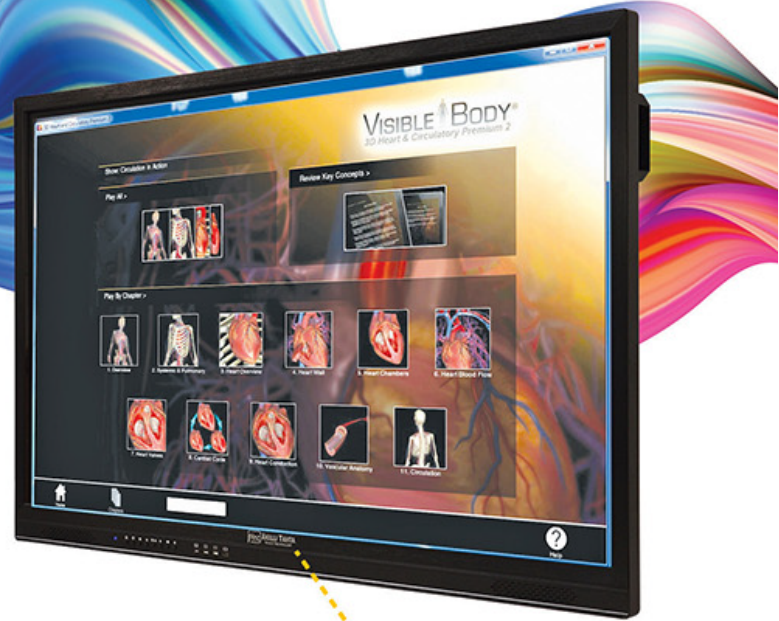

| | |
|-----------------------------|------------------------------|
| Input Voltage | 100-240V AC |
| Power Requirement | Yes |
| Power Consumption (Standby) | <0.5W |
| Power Consumption | "Maximun < 220W • Eco < 75W" |

TOUCH SYSTEM

| | |
|-----------------|-----------------|
| Technology | IR |
| HID support | Yes |
| Touch supported | 10 Points Touch |
| Writing tools | Pen or Finger |
| Response Time | 7 ms |
| Cursor speed | 125points/s |
| Precision | 1 mm |

PHYSICAL SPECIFICATIONS

| | |
|----------------------|----------------|
| Net Weight (kg ±2) | 45 |
| Gross Weight (kg ±2) | 58 |
| Dimension(W*D*H) mm | 1520*104.3*938 |
| VESA(mm) | 600*400 |
