NORM hali

Dear Valued Customers,

30 years of experience in hand made and machine made carpet & rug business helped us a lot while creating the collections of Norm Hali. Eco friendly & re-cycled yarns that we use on our products reflect our respect to the nature. Referring to our name, we try to set a Norm while creating green goods.

We see our customers as our business partners, our mission is to make our customers successful in their markets so that we share all our know how and facilities with them in order to give full support and fast service. Quality is the summary of our respect to human, to nature and to our customers. We offer healthy, safe, proper and legal working conditions to our staff. Our main goal is to have the full trust of our customers on our company, products and service.

Our production facility is based in Konya city with 10.000m² production space that has been continuously growing each day as we try to keep up with the demand to our natural & green rugs. You may see all our latest collections at our showroom in Istanbul Asia side, where our head office & product development department is located.

We have been serving most of the largest rug and home textile store chains in North America (e.g. TJ Max, Home Goods, Marshalls, Cost Plus...) and Europe (e.g. Lutz, Kibek, Leroy Merlin...) and we are proud to be announced as the 3rd largest carpet & rug exporter in 2018 by Ihib (Istanbul Carpet Exporters' Association www.ihib.org.tr) in the name of Ministry of Economy. All our goods are being tested periodically by Ekoteks Laboratory/Istanbul (www.ekoteks.com) for color fastness, washing, rubbing, and flammability.

Carpet & rug weaving, digital printing, all finishing and packaging processes are being made under same roof, which gives us the flexibility of a continuous product development ability as well. Our rug sizes vary between 50x80cm up to 255x355cm, additionally we also produce pillows and poufs with same fabrics & designs of the rugs we make.

The unique & flexible production model we have created helps us to deliver either 1pc of rug or 1 truck load of rugs to our customers.

We are very much eager to collaborate with your esteemed company and looking forward to hearing from you.

Yours Sincerely,

Norm HALI
