

Company Profile

Who we are?

A Brief Story About The Company

Founded in 1987 to sell spare parts for garment machines
in 1993 we got the title of Simsek Makine ve Aksamlari San. Tic. LTD. STI.
with the distributorship we have obtained from abroad, we started to
make a name for ourselves in the market.

We have become the distributor of many well-known brands
worldwide. We continued our commercial life by creating the brands
SANDO and "KAMINARI", which means SIMSEK (Lightning) in Japanese.

In 2008, we decided to produce plotter, cutter, kraft, design, krep
seperation papers which are used in cutting rooms in Garment Industry
and we established Simsek Kagit Urunleri San. Tic. A.S.

Our company has been operating as SIMSEK IC ve DIS TICARET A.S.
since October 2019 together with our production company SIMSEK
Kagit Urunleri San. Tic. A.S.

Brush Marker Pen

Used for marking fabrics in ready-made garments.
Markings change easily during cleaning or with water.

UV Marker

Used for marking fabrics in ready-made clothing.
Used when markings are not desired to be visible to the eye.
Marks can only be seen in purple light.

Water-Erasable Pen

Used for marking fabrics in ready-made garments.
Markings can be easily lost with water.

Air Erasable Pen

Used for marking fabrics in ready-made clothing.
Depending on the type of fabric, once the marking is done,
it will disappear on its own within 1 to 7 days when it comes
into contact with air.

Erasable Pen

Pen; used to make marks in the garment industry.
The eraser ink on the other end of the pen is
used to erase the mark.

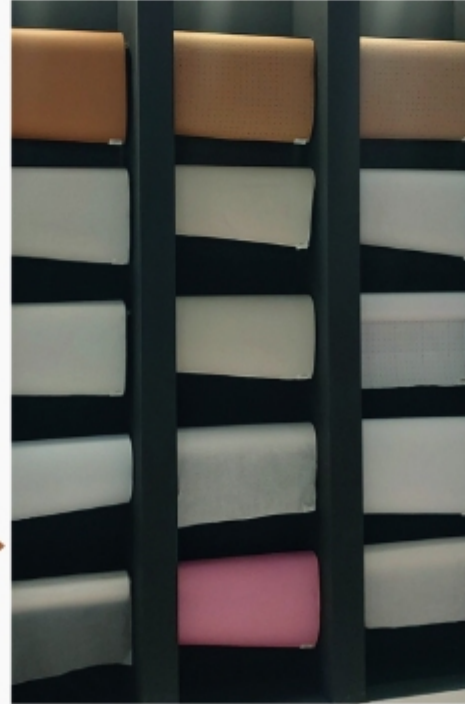

Ink Eraser

In the apparel industry,
it is used as an eraser for minor retouching operations
on drawings.
