Having made its debut at business life, in retail sector, in 1995, SİNCER GROUP took interest in Rose Oil sector in 2000s.

SİNCER GROUP took a step into the sector in order to utilize Isparta Rose that has an immense share in world rose industry and to provide a new buyer to the sector along with its R&D activities. The company keeps taking firm steps in expanding in European market, Far East, Middle East and increasing its export to these regions.

The certificates like TS EN ISO 9001:2015 Quality Management System, GMP - Good Manufacturing Practice that our plant in Isparta holds prove that how seriously we take cosmetic, food safety and quality issues. The production materials that are in use in our plants are made of non-rusting chromium 316 as an evidence of the care that we attach to human health and environment.

Our Group have been strictly adhering to the principles and values of ours along with our innovative and progressive nature and commitment to care the needs and demands of our customers and stakeholders for 27 years. Placing the passion and making difference in the center of its strategy, SİNCER GROUP maintains its activities in rose oil sector while climbing the steps of achievement both in Turkey and in the world firmly and swiftly.

Our oil rose plant is located in Isparta Organized Industrial Zone with its 1350 m² closed and 5000 m² total area and it perfectly meets the demands of the market which expands with great pace.

The plant has the capacity of processing 900 tons of rose annually.

We have been researching the opportunities of extracting rose concrete, rose absolute as well as the oils of other flowers and plants for coming years.

SİNCER GROUP has been expanding with firm and serious steps since 1995. Making no compromises on its “Fair Principles” and “Quality Work” and making immense contributions to the economy of Turkey, our group has the targets of being lead in quality and service in related sectors and benchmark of the sector.

Products: Rose Ess. Oil, Rose Hydrosol, Rose Water, Rose Phenyl Ethyl Alc., Dried Rose Petals.

Rosa Damascena; The brand of our products obtained from real Isparta roses

(Meaning: It is the Latin name of the Isparta Rose in the World..)

ROSE HYDROSOL

"The Purest Form of Rose"

It is 100% pure and natural hydrolate extracted from the roses of our gardens in Isparta early in the morning and distilled in our factory, in retorts made of chrome, without separating the rose oil. It nourishes and moisturizes your skin, protects its shine, and helps it stay younger.

You can use the product for nourishing, relaxing or removing make-up when desired.

It does not contain alcohol, coloring and glycol.

Benefits:

With its antioxidant effect, it keeps the face fresh all day long and slows down aging, so that the skin is refreshed, fresh and relieved of the tiredness of the day.

With its Ph level, it supports the disappearance of acne, pimples and blackheads on the skin.

It helps to breathe easily by soothing under-eye puffiness, eczema and skin irritation.

It helps to reduce the pain of pharyngitis in the throat and to pass the aphthae formed in the mouth.

It helps to get rid of itching and stinging by distilling into the eyes.

It helps in lowering body temperature.

Contains aromatherapy properties.

The most distinctive feature from other products is that it contains much more ROSE OIL.

ISPARTA ROSE OİL

"The Purest Form of Rose"

It is the oil obtained by distillation in retorts made of chrome in our factory after the fresh harvest of Isparta Roses.

A thousand and one versions of the rose are widely used both in the field of beauty and in perfumes. Only 1 kilo of rose oil is obtained from about 4 tons of rose flowers after long efforts and labor.

Rose oil, which is offered for sale by being mixed with a certain amount of products in the cosmetic world, has been proven by experts to be good for many ailments, especially skin diseases.

Thanks to the vitamins and minerals in rose oil, it helps the skin to look fresh and young by purifying it from dirt.

Rose oil, which is recommended to be used as a natural make-up remover, ensures rapid regeneration of cells.

It is used to remove skin blemishes, which has become one of the biggest problems of women during pregnancy.

Rose oil, which has a therapeutic role in allergic skin problems, eczema and open wounds, is also the savior of dry skin.

Rose oil, which you can use especially for dry skin that occurs in winter, to get the necessary moisture, is also effective in killing germs due to its antiseptic feature.

Thanks to being 100% Pure and Natural, it nourishes your skin, protects its brightness, moisturizes it and helps it stay younger.
