

# HUM ELIT OIL

OIL & GAS EQUIPMENT

## About us

- **HUM ELIT OIL** is an international supplier company focused on the oil and gas equipment.
- As two well-established company, **HUM** from Turkey and **ELIT OIL** from Ukraine, aim to meet the needs of the oil sector with high quality standards as a reliable industrial production and supplier company by combining their knowledge and capabilities.
- The quality, skills and experience of our team form the basis for the production of process equipment in a short period of time, from engineering to commissioning, at competitive prices, or on quality supplies to be made from the world's best suppliers.
- Our aim is to present products to the oil and gas sector that are in accordance with the standards, problem-free, quality, reliable, long-lasting and will satisfy our customers.

## Products

### Heat Exchangers, Condensers & Pressure Vessels

- As **HUM ELIT OIL** we produce and supply high quality, efficient and affordable process equipment.
- These equipment are manufactured in accordance with international design codes and standards in our own production plants or by other suitable manufacturers with machine and pressure tank design programs.

## Reciprocating Compressors & Spare Parts

- We produce and supply main parts for reciprocating gas compressor such as cylinder, crankshaft, connecting rod, crosshead, piston rod, piston and other spare parts.

## Pumps, Valves, Instruments

- We supply oil and gas equipments such as pumps, valves and instrument in accordance with the quality and standards in the desired capacity from the original equipment suppliers throughout the world.
