

ULUT GROUP

Reliable Partner in Industrial Equipment Supply

About Us

ULUT Group is your reliable partner in the international supply of industrial equipment and components. Headquartered in Ankara, Turkey, with partner offices in Istanbul, we have been helping companies around the world access efficient and customized import-export solutions for many years. Our core expertise lies in the sourcing and export of equipment for concrete batching plants, crushing and screening systems, and other industrial operations. With a deep understanding of the technical and logistical challenges involved, we provide tailored services to ensure smooth and timely delivery across global markets.

Our Services

Export & Import of Industrial Equipment: Specializing in supply chains for concrete batching plants, crushing systems, spare parts, consumables, and complete production lines. International Freight Forwarding: Route optimization, heavy and oversized cargo handling, and coordination of multimodal shipments. Customs

Clearance: Full documentation and certification support for industrial shipments, plus compliance with international trade regulations. Logistics Management: Strategic planning, cargo tracking, deadline control, and transparent reporting
