

Plarime Company Profile

«Building reliable, tailored,
and sustainable solutions
with our partners.»

plarime

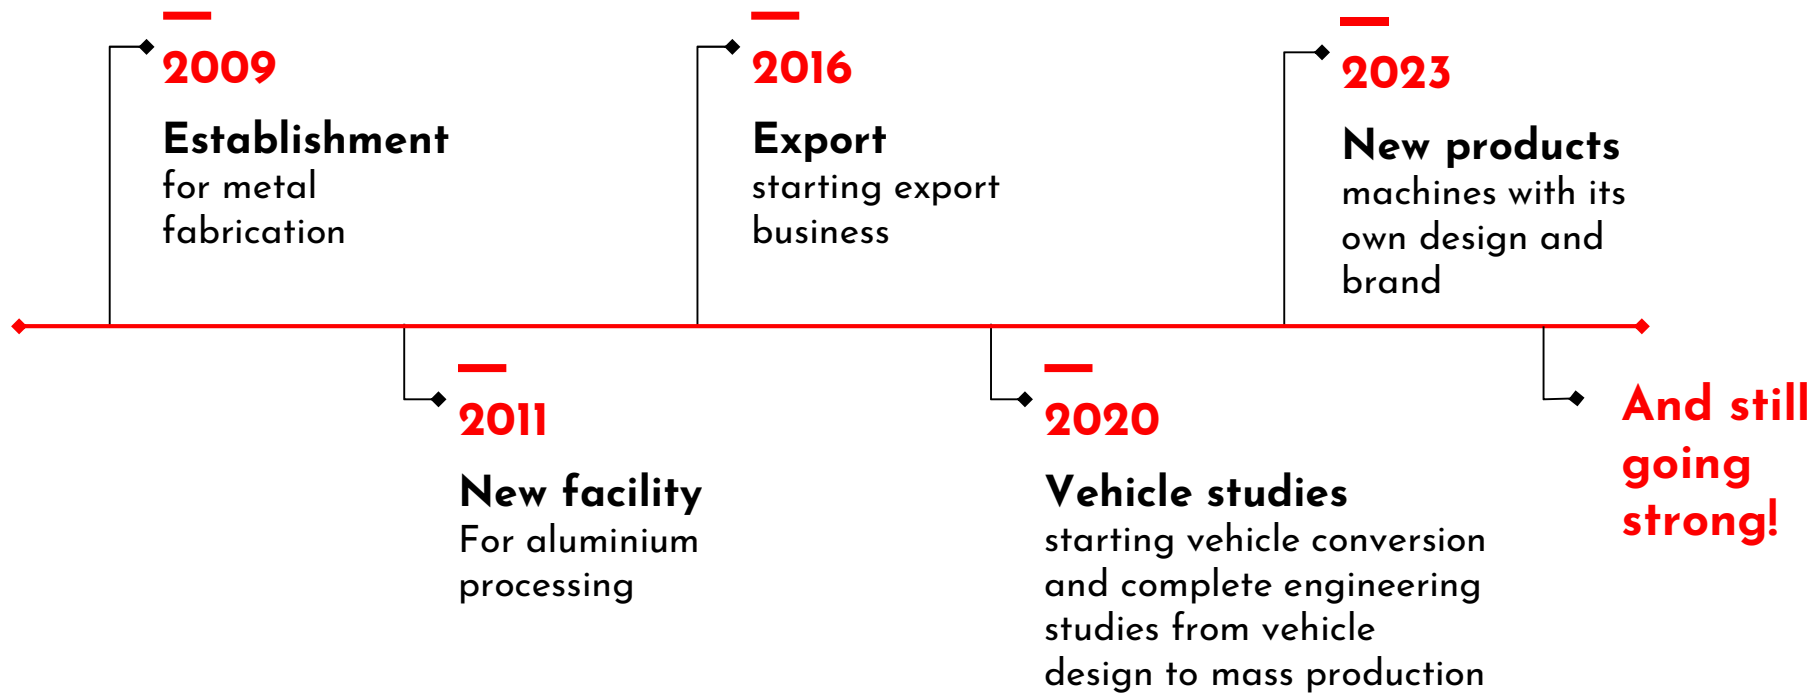

plarime

About us

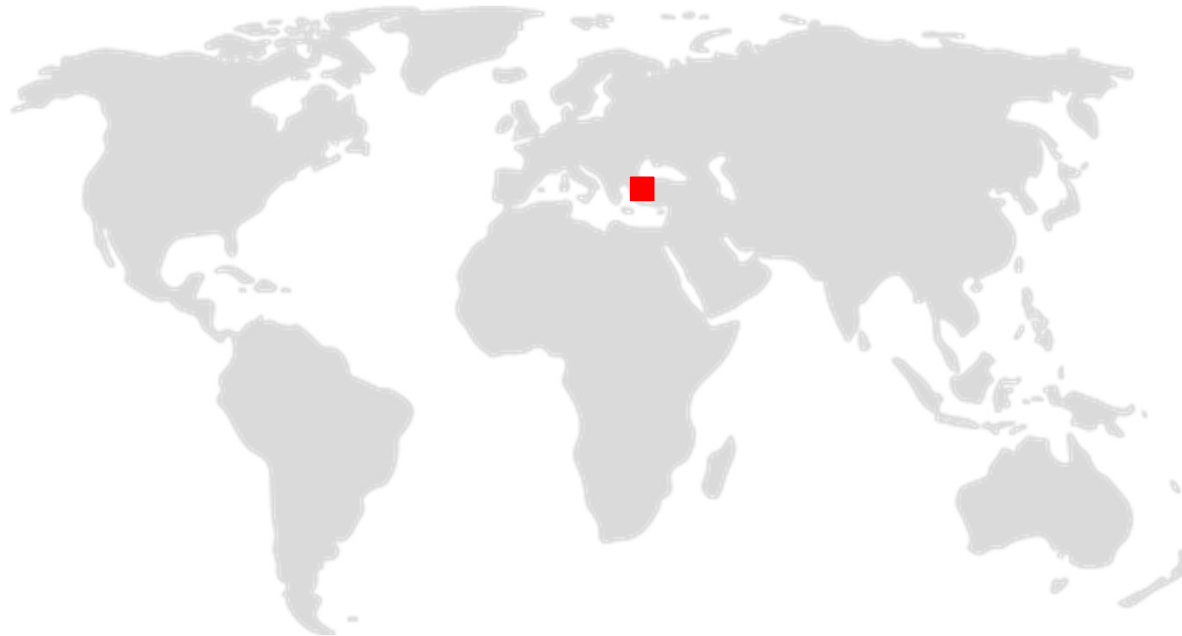

We are a **full-service supplier** providing engineering-driven solutions for all industries. Our expertise covers design, prototyping, manufacturing, commissioning, production line setup, and custom manufacturing. Besides offering standard products, we develop tailored solutions to meet each client's specific needs.

Our history

Location

in the heart of the World | Bursa, Turkiye

01

About our company

plarime

4

Our philosophy

Mission

Redefining industrial production with high quality standards, innovative and fast solutions

Vision

Creating sustainable industrial success by combining engineering with design and production with value

Values

- Clear, honest and fair Customer-oriented
- Respectful of human rights and the environment
- An entrepreneurial team and work with passion to make a difference

Our strengths

Engineering

End-to-End
Engineering
Solutions
(Design,
Prototyping,
Manufacturing,
Installation)

Flexible

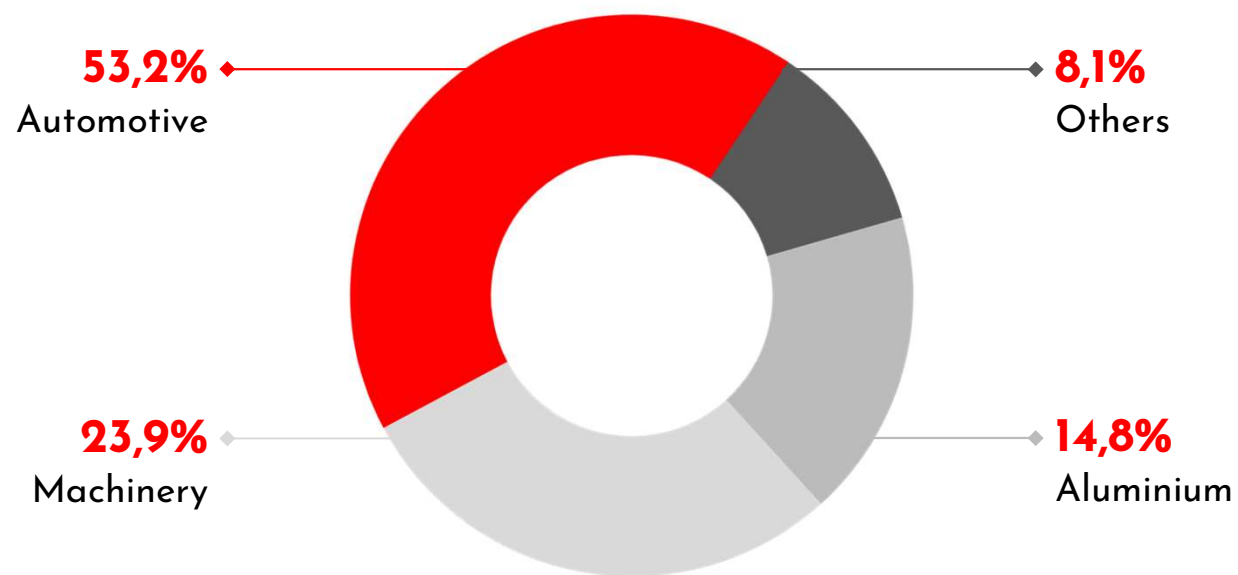

Agile and
Flexible
Production
(High-mix, low-
volume
capability)

Experience

25+ years of
industry
expertise

Our numbers

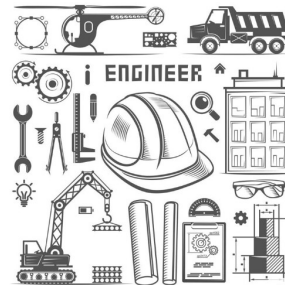

Our services

Engineering

Plarime transforms ideas into industrial solutions through expert engineering services

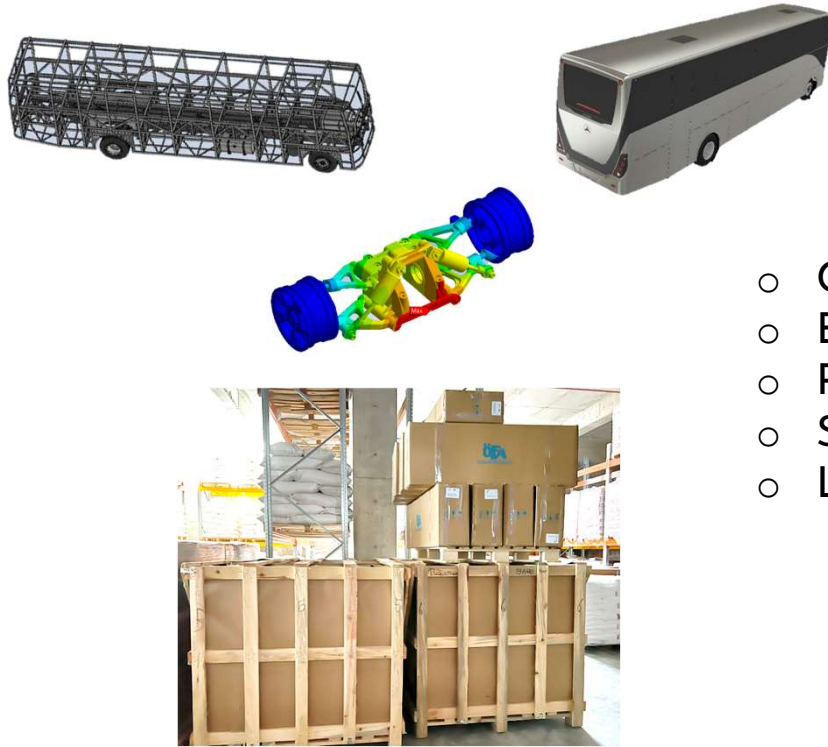

Products

We supply tailored automotive components that enhance vehicle performance, safety, and durability

Core Services & Capabilities

- Concept & 3D Design
- Engineering & Prototyping
- Production & Installation
- Serial Manufacturing
- Logistics & Delivery Management

Industries & Expertise

Automotive

Automotive expertise backed by engineering excellence

Machinery

Engineering-driven solutions for industrial machinery

Aluminum products

Custom aluminum solutions - from profile to assembly

Vehicle conversion

Engineering and manufacturing solutions for custom vehicle conversions

Facility setup

Turnkey facility and production line setup from design to ramp-up

Logistic Management

Integrated logistics support for efficient and timely delivery

Our Approach & Flexibility

**Tailor-made
solutions in steel
and aluminum**

**Highly flexible
production capacity**

**Strong supplier
network**

Problem solver

Technology & Tools

Tools

2D & 3D
CAD

Knowledge

Full range of
metal fabrication
machinery

Experience

Agile project-
based workflow

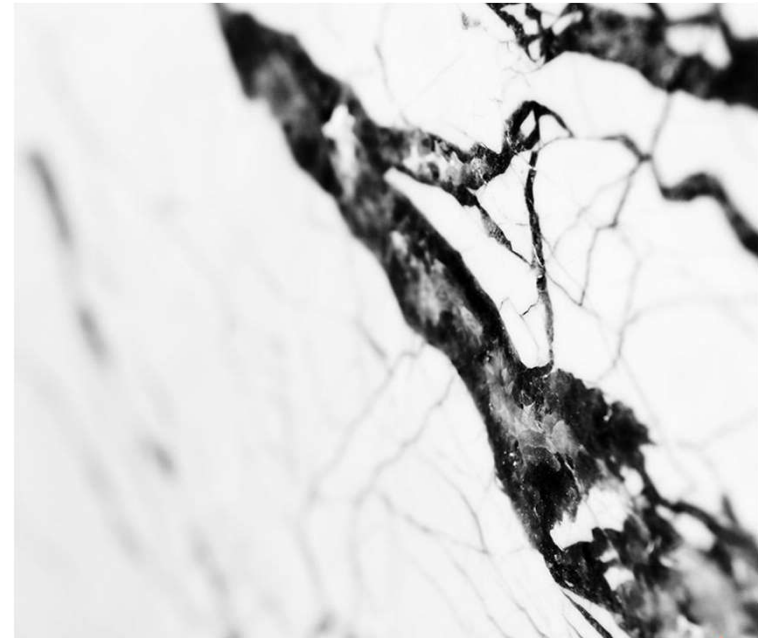

Let's Work Together!

We welcome global partnerships and are ready to bring your concepts to life.
