HOTEL TEXTILE

TSUNAMI

Tsunami is proud to offer a wide range of high quality home textiles and accessories.

We manufacture to meet high quality product expectations by our clients. We are committed to provide products that are luxurious while still being affordable. Our products are durable, lasting and visually appealing.

Custom Made Products

We offer not only our own collection, but also we manufacture custom made products for our valued clients. All our products can be customized by changing material, color, embroidery, print and any other applicable themes. Please do not hesitate to inquire.

Our excellent product quality and reasonable prices are very competitive and suitable for your business because there is NO broker or commissioner between us: just manufacturer and distributor or last user. This strategy puts us one step ahead from our competitors. While being competitive, we never give up quality. That is what customers want; quality, competitive price and delivery on time. We are extremely aware of that.

We have new environment friendly poly cotton

Velour-terry fabric. It saves energy up to %40.

This factor is very important for hotels' housekeeping departments.

PolyCotton double material fabric;

- **Shortens washing time**
- **Shortens drying time**
- **Long lasting and durable comparing to traditional 100% Cotton fabrics.**

Additionally comparing to traditional 100% Cotton velour fabric, its velour side never piles up.
