

A U T O - T U F T E D R U G S & C A R P E T S

# ABOUT US

FUTA Carpet is the only fully integrated carpet manufacturer in the sector, with 4,000 m<sup>2</sup> indoor and 1,000 m<sup>2</sup> outdoor auto-tuft production facilities. Our project office in Tashkent support architects and designers with easy access to all textures and qualities.

Since its founding, FUTA has delivered custom carpets to over 50 countries, serving luxury hotels, palaces, commercial spaces, mosques, yachts, and private residences.

We use 100% natural materials like wool, viscose, and tencel, individually or blended, tailored to customer needs. Our team provides full technical support from design to installation, ensuring quality and precision in every project.

# WHAT WE DO?

- **Material Variety:** 100% wool, viscose, tencel, blended fibers, with silk and polyamide 6.6 available when required.

- **Design Support & Approval Process:** We start by working on either your existing design or a new concept based on your ideas. Once the design is finalized, we share the digital version with you. The approval process is fully transparent and interactive.

# WHAT WE DO?

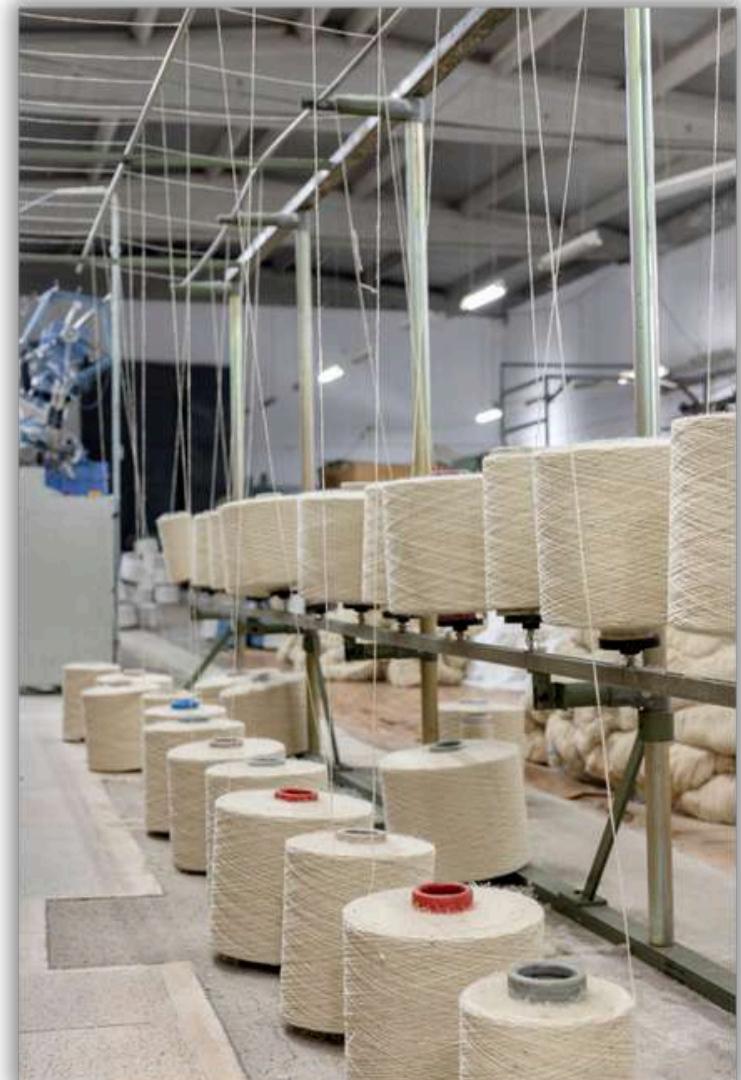

- **Sample Request & Approval:** If you'd like to see a physical sample of the approved design, we produce and send it to you. This ensures that both design and quality are confirmed before moving into mass production.
- **Production:** 4–6 weeks after confirmation, depending on project size. Shorter for smaller areas.

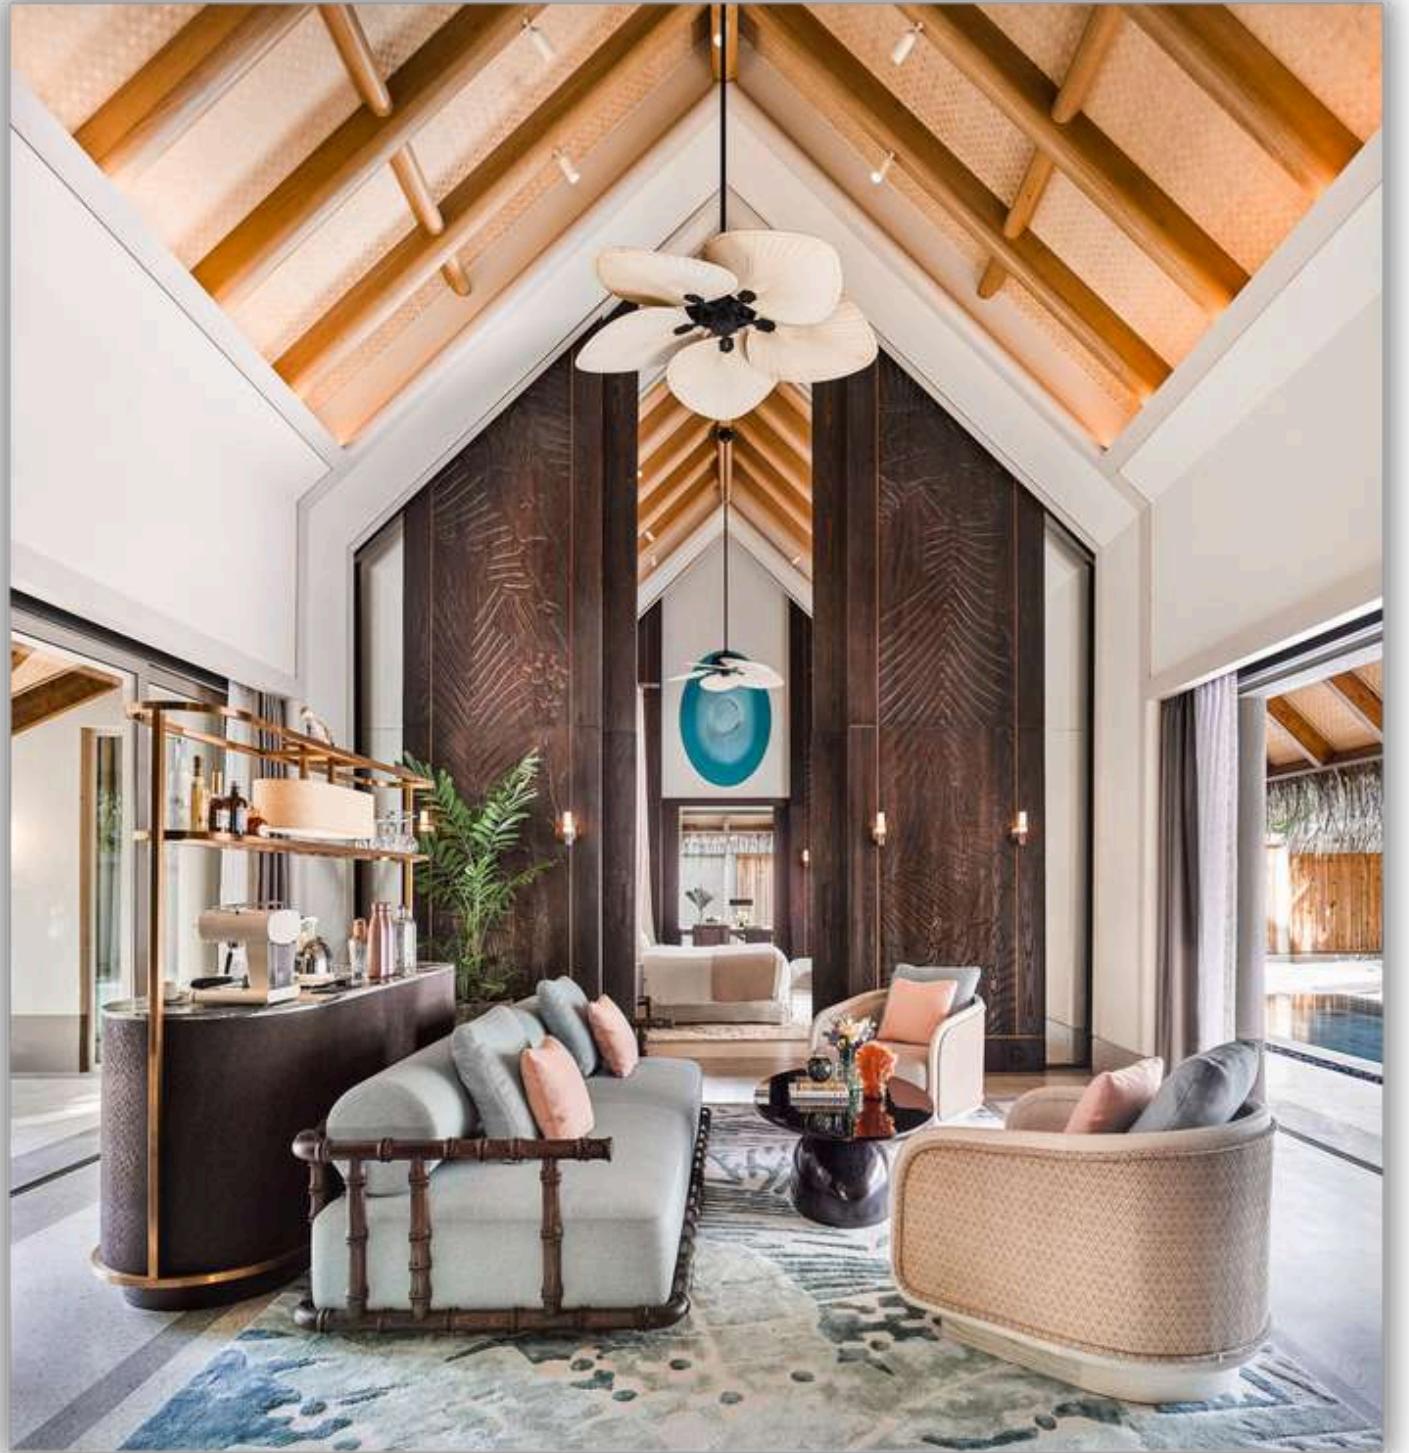

# WHY FUTA?

- Bespoke design & production
- Fully integrated facility
- Fast sampling process
- Wide range of patterns and colors
- Fully customizable dimensions
- Meticulous craftsmanship
- Global delivery
