COMPANY VALUES

INNOVATION

BBDERMA combines its formulas derived from the latest research in the cosmetics field with a focus on quality and effectiveness. By prioritizing the creation of products that meet everyone's needs, it leads the way in providing personalized and inclusive solutions.

PARTNERSHIP

BBDerma values achieving success together and meticulously oversees every process from design to assembly with its expert team for its stakeholders.

Our products are developed according to the specific needs of the countries they are sold in and comply with the technical requirements of legislation in those regions.

QUALITY & SAFETY

BBDerma products are formulated with the most advanced and innovative active ingredients from leading manufacturers in the industry, and each product formula undergoes rigorous microbiological testing in compliance with European regulations.

Our products are formulated with paraben-free preservative systems to ensure maximum safety.

SUSTANABILITY

Our cosmetic products, formulated with natural ingredients tailored to the skin's needs, not only protect the skin from chemicals but also do not harm the environment.

We value nature and sustainability.
