

# RealStone®

KITCHEN & BATHROOM SOLUTIONS

# ABOUT US

Quartz crystals that date back from ancient times to the present are transformed into granite sinks, an essential part of kitchens, through the power of local capital in the facilities of **RealStone** company located in Kırşehir Organized Industrial Zone.

By reinforcing the knowledge gained from 25 years of kitchen countertop production with the motto "quality is never a coincidence," **RealStone** delivers real granite products to its users, adhering to the principles of: We deliver the following principles without compromising:

- Best service
- Best quality
- Accessibility
- Sustainability

**Our mission** is to combine all the necessary infrastructure required by the industry, in parallel with its development, with new technological possibilities to become a leading brand.

**Our vision** is to shape customer expectations in our industry and become an innovative, competitive, and respected company.

We work to bring new meanings to living spaces and align many elements, from our internal processes to our business culture, within this vision.

We aim to be the leading brand in our product segment in Turkey and a globally recognized brand worldwide.

We are progressing towards becoming a trusted, durable, dynamic, functional, and uniquely designed brand, and we strive to expand and improve our brand.

### Spiral filtered sink faucet

- Water-saving special aperture (Foam flow, lime crusher, flow rate: 8lt/min)
- Special cartridge
- 360 degrees with rotating tube
- Hot and cold water flexible hose connection dimensions M10x1-3/8" 40 cm
- Ideal working pressure is 3-4 Bar
- It is recommended to use a filtered intermediate tap with the product in order to prevent any pollution that may occur in the installation from damaging the armature.

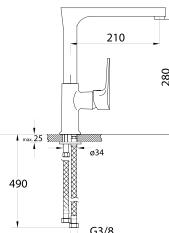

*Anthracit Chrome*

*Product Code*  
10167091239

### Single body sink faucet

- Water-saving special aperture (Foam flow, lime crusher, flow rate: 8lt/min)
- Special cartridge - 360 degrees with rotating tube
- Hot and cold water flexible hose connection dimensions M10x1-3/8" 40 cm
- Ideal working pressure is 3-4 Bar
- It is recommended to use a filtered intermediate tap with the product in order to prevent any pollution that may occur in the installation from damaging the armature.

#### Telescopic Strainer

Used especially for washing and draining foods like vegetables, fruits, or pasta. Additionally, its expandable feature increases its usability, allowing it to drain more food.

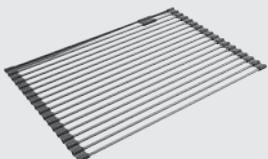

#### Telescopic Bridge

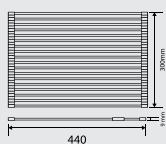

It is used to create an additional surface in the sink while washing or preparing dishes, vegetables, or fruits. Additionally, it provides a practical area to place pots, plates, or other kitchen items, helping to save space in the kitchen.

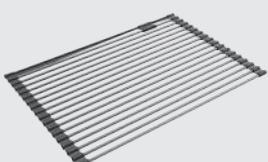

#### Roll-up Drying Rack

Used to dry kitchenware like washed plates, glasses, and pots. It also provides a practical surface for draining washed vegetables and fruits.

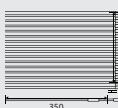

#### Roll-up Drying Rack

Used to dry kitchenware like washed plates, glasses, and pots. It also provides a practical surface for draining washed vegetables and fruits.

VICTORIA, ANGEL  
HERMES, ALMILA  
AND LIKYA  
ARE COMPATIBLE

#### Stainless Sink Washing Basket with Strainer

It is used to strain or rinse foods such as washed vegetables, fruits, and pasta in the kitchen. Its durable steel material ensures long-lasting use, and it can be safely used with hot foods.

#### Smart Sink Cutting Board

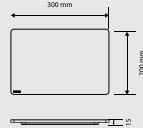

It is used to make chopping tasks in the kitchen more practical. It is designed to fit perfectly over your sink, providing a more organized workspace during the chopping process.

VICTORIA, ANGEL  
HERMES, ALMILA  
AND LIKYA  
ARE COMPATIBLE

### Small Cutting Board 300x200mm

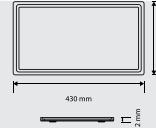

It is used to make chopping tasks in the kitchen more practical. It is suitable for use with a telescopic bridge.

### Large Cutting Board 240x430mm

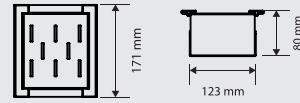

It is used to make chopping tasks in the kitchen more practical. It is suitable for use with a telescopic bridge.

### Stainless Steel Colander

Used to dry kitchenware like washed plates, glasses, and pots. It also provides a practical surface for draining washed vegetables and fruits.

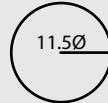

### Strainer Cover

The Drain Cover creates a flat surface inside the sink and prevents food waste from entering the basket. This makes it easier to keep the sink clean.

2 Different Color Options

### Manual Stainless Glass Washer for Sink

The glass washing device lightens household chores and saves time. It stands out with its fast and effective cleaning performance.

### Liquid Soap Dispenser

The Built-in Liquid Soap Dispenser adds elegance and functionality to your kitchen sinks. Its design creates a modern and stylish atmosphere while its useful features make your daily life easier.

- Elegance and comfort come together in your bathroom!
- More durable, slimmer, and lighter
- It adds a modern touch to your living spaces with its design.
- With its modern design and superior quality, it brings a graceful touch to your bathroom areas.

# Add elegance to the flow of water Make a difference in every detail with RealStone faucets!

One of the indispensable elements of kitchens and bathrooms, faucets control not only the flow of water but also the aesthetics of living spaces.

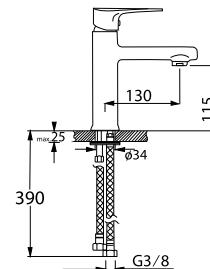

**RealStone combines the power of water with modern designs with its faucet collection that combines durability and elegance.**

The faucets, which are made of stainless steel and attract attention with their long-lasting structure, offer both functionality and elegance.

## MAYRA

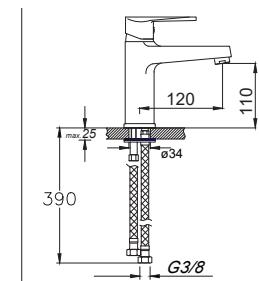

- Special aerator (Flow rate: 8 L/min)
- Special cartridge
