

GÖKSU, as the leading manufacturer company in the automatic door sector, has been serving for nearly 40 years with its widespread dealer network and wide product range in Turkey and abroad.

It carries out its production activities under the GOXU brand name in 3 separate factories, two in Istanbul Dudullu OSB. and one in Ankara Sincan OSB.

It manages its Head Office activities from Istanbul Dudullu OSB. and its activities for the European market through the company “Goxu SRL” in Verona, Italy.

It manufactures products such as Garage Doors, Industrial Doors, Fast PVC Doors, Loading Ramps, Loading Bellows, Shutters, Radar Doors, Hangar Doors, etc. that appeal to residential, industrial and commercial facilities.

The company provides added value to the national economy by realizing the raw materials and semi-finished products used in production with its own machinery and experienced staff.

It coordinates all its procurement, production, sales and after-sales activities through its own ERP system.

In addition to its widespread dealer network throughout the country, it exports to more than 30 countries abroad.
