The foundations of **Saraçoğlu Kuruyemiş** were laid in 1955 when brothers **Hacı Mehmet and Mahmut Saraçoğlu** embarked on their journey into the nuts and dried fruits industry with a wholesale and retail store on Gazi Street in Samsun. In just five years, the **Beyoğlu Kuruyemişçisi** store was established, accelerating the company's growth. In 1980, **Süleyman, Adnan, and Ferudun Saraçoğlu** brothers took a significant step towards branding by launching the **Özbeyoğlu** brand, expanding the company's operations to include production, wholesale, and marketing—the key pillars of its growth. By the early 1990s, the company continued its operations in a production facility located in **Samsun's Gülsan Industrial Zone**. In 2000, Saraçoğlu Kuruyemiş expanded its investments and established a 6,000 m² production facility in the Samsun Organized Industrial Zone, with an annual **production capacity of 10,000 tons**. At the same time, it extended its distribution network from Samsun to the entire **Black Sea region**.

In 2012, the company entered the **e-commerce** market with its online store **www.cerezciyiz.biz**, offering same-day shipping and delivering fresh products directly from the factory to customers across Türkiye.

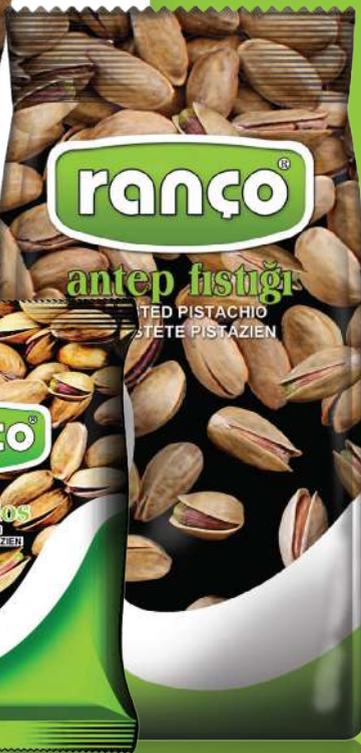

In 2014, Saraçoğlu Kuruyemiş expanded its e-commerce presence by launching **www.toptankuruyemismarket.com** for wholesale nut sales. Today, the company serves customers through its own platforms as well as leading online **marketplaces**.

In **2015**, with the involvement of the third generation bringing a global vision, Saraçoğlu Kuruyemiş took its first steps into exports. The company had exported its products to **Germany, France, the Netherlands, Norway, Denmark, Ireland, Bulgaria, Romania, and Italy, as well as to countries such as the UK, Canada, Switzerland, Albania, Russia, Azerbaijan, Tajikistan, Georgia, Mauritius, the UAE, Libya, Palestine, and Japan**. To strengthen its international branding, Saraçoğlu markets its products under both the **Özbeyoğlu** and **Ranço** brands. Saraçoğlu Kuruyemiş is committed to quality and hygiene, as certified by internationally recognized quality standards. Keeping up with technological advancements, all production processes are carried out in compliance with the latest versions of the **ISO 9001 Quality Management System, ISO 22000 Food Safety Management System, and Halal Food Standards**.

The company uses **state-of-the-art roasting ovens and automatic packaging machines**, designed and built in-house, ensuring strict **hygiene and quality control** at every stage.

For consumers who appreciate gourmet-quality nuts, **Özbeyoğlu** has preserved its taste and excellence with dedication **since 1955**.
