## Food Processors Features

## E 7770 / E 7771 FP Food Processors Features

- Powerful 1000 Watt motor
- 1.5 lt bowl capacity with safety lock system
- 1.75 lt large blender jug with a small measuring cup
- Stainless steel chopping blade
- Plastic dough kneader blade
- Whipping attachment
- 5 stainless steel discs for slicing, shredding and cheese grating
- Easy storage with compact I-shaped design
- Cable storage below the body
- Optional coffee grinder attachment
- Optional patented double blade feature

## STAND MIXERS

### E 342 KM - Manual Stand Mixer

- 2000 W powerful motor
- 7 L Stainless steel bowl with handle
- 6 speed levels + pulse
- Specially designed anti-splash cover with feeding tube
- Zero side tech built-in bowl scrapper
- Die cast Dough hook for excellence kneading
- Specially design stainless steel ballon whisker
- Die cast beater attachment
- Injection color

### 6-SPEED OPTIONS

#### 1-4 Beater

Medium-Thick Mixtures  
(e.g crepes or sponge mixtures)

#### 1-4 Dough Hook

Thick Mixtures  
(e.g bread or shortcrust pastry)

#### 4-6 Whisk

Light Mixtures  
(e.g cream, egg white)

## STAND MIXERS

### E 334 KM – Digital Stand Mixer

- 2000 W powerful motor
- 7 L Stainless steel bowl with handle
- 6 speed levels + pulse
- Easy usage – digital screen
- Specially designed anti-splash cover with feeding tube
- Zero side tech built-in bowl scrapper
- Die cast Dough hook for excellence kneading
- Specially design stainless steel ballon whisk
- Die cast beater attachment
- Injection color

### 6-SPEED OPTIONS

#### 1-4 Beater

Medium-Thick Mixtures  
(e.g crepes or sponge mixtures)

#### 1-4 Dough Hook

Thick Mixtures  
(e.g bread or shortcrust pastry)

#### 4-6 Whisk

Light Mixtures  
(e.g cream, egg white)

## STAND MIXERS

### E 214 KM Stand Mixer

- Excellently knead any type of dough for pasta, bread, cakes and many other flavours
- Dough hook for the excellent kneading performance
- Specially designed balloon beater for homogenous mixtures
- Flat mixer for the best texture
- 5 L. Stainless Steel Mixing Bowl
- 6 Speed Levels and Pulse
- Specially designed anti-splash cover
- Easy-to-open with a single button
- Dishwasher safe attachments
- Power: 1500 W

## 6-SPEED OPTIONS

#### 1-4 Beater

Medium-Thick Mixtures  
(e.g crepes or sponge mixtures)

#### 1-4 Dough Hook

Thick Mixtures  
(e.g bread or shortcrust pastry)

#### 4-6 Whisk

Light Mixtures  
(e.g cream, egg white)

## STAND MIXERS

### E 288 KM Stand Mixer

- 1500 W powerful motor
- 5 L Stainless steel bowl
- 6 speed levels
- Specially designed anti-splash cover
- Dough hook for excellence kneading
- Specially design ballon whisker
- Feeding tube

## HAND BLENDERS

### **E 228 MBS** **Hand Blender Set with FP Attachment**

- 2500 W fifth edition power motor
- Metal body
- 6 bladed extra long metal leg
- 1500 ml large glass chopping bowl
- 1200 ml extra blending jar with anti-splash lid
- 2 stainless steel chopping blades
- 2 stainless steel chopping and shredding discs
- Whisker

## HAND BLENDERS

### **E 228 HB** **Hand Blender Set**

- 2000 W power motor
- Metal body
- Variable speed
- 6 bladed extra long metal leg
- 800 ml chopping bowl
- 900 ml measuring cup
- Whisk attachment

## HAND BLENDERS

### **E 228 HB SINGLE HAND BLENDER**

- 1000W fifth edition power motor
- Metal body
- 6 bladed extra long metal leg
- 0,9 lt measuring cup
- Injection color

## HAND BLENDERS

### **E 216 HBS** **Hand Blender Set with FP Attachment**

- 1500 W motor
- Metal body
- 4 bladed metal leg
- 1500 ml large glass chopping bowl
- Stainless steel chopping blade
- Stainless steel blending leg
- Stainless steel beaters
- Injection color

## HAND BLENDERS

### E 63 HBS

#### Hand Blender Set with FP Attachment

- 2000 W motor
- Turbo function
- 1500 ml large plastic food processing bowl
- 800 ml capacity measuring beaker
- 2 Stainless steel chopping blade
- Stainless steel blending leg
- Stainless steel beaters
- 2 pcs stainless steel shredder slices
- Injection color

New Gearbox Design  
Much Easier and Compact Usage

Different Injection color options

## HAND BLENDERS

### **E 175 HBS**

#### **Hand Blender Set with FP Attachment**

- 1500 watt powerful motor
- 1,5 L chopping bowl
- 1000 ml capacity measuring beaker
- Stainless steel chopping blade
- Stainless steel beaters
- 5 functions

## HAND BLENDERS

### **E 63 HBSS HAND BLENDER WITH SPIRALIZER**

- 1000 Watt,
- Create fun & healthy meals with fresh vegetables and fruit,
- Create zucchini noodles, vegetable salad, cucumber ribbons, curly fries, and more.
- 3 blades included: spiral cutter, ribbon cutter, and grater,
- Easy to use and clean,
- Extra-long 1 mt. cord,
- 2 speed control

## HAND BLENDERS

### **E 134 HBS**

#### **Hand Blender Set with FP Attachment**

- 2000 watt
- 4 bladed knife for robot
- Shredding & Slicing
- 4ever high efficient blending
- 1000 ml robot bowl
- Turbo speed function
- Stainless steel blender attachment
- Stainless steel double beater
- Measuring and mixing cup
- Anti-Scratch attachment

## HAND BLENDERS

### **E 74 HBS**

#### **Hand Blender Set with FP Attachment**

- Ergonomic design
- Powerful 1000 Watt DC motor
- On/off and "turbo" button
- Stainless steel blending leg
- 1500 ml capacity chopping bowl
- 800 ml capacity measuring beaker
- Stainless steel beater attachment
- Stainless steel shredding and slicing discs

## HAND BLENDERS

### **E 74 HB** **Hand Blender Set Features**

- Ergonomic design
- Powerful 1000 Watt DC motor
- On/off and "turbo" button
- Stainless steel blending leg
- 700 ml capacity chopping bowl
- 800 ml capacity measuring beaker
- Stainless steel beater attachment
- Optional potato masher attachment

## HAND BLENDERS

### **E 74 HB Single Hand Blender**

- Ergonomic design
- Powerful 1000 Watt DC motor
- On/off and "turbo" button
- Stainless steel blending leg
- 800 ml capacity measuring beaker

**E 217 PB**

**Personal Blenders Features**

- Power 550 W
- 2 BPA-free mixing bottles with a volume of 600 ml
- One-touch shuffle feature
- Level indicator
- Special silicone handle
- Dishwasher safe parts
- Ice breaking feature
- Non-slip base
- High quality stainless steel 4 blades
- Easy to use

## E 217 PB

### Personal Blenders Features

- Power 550 W
- 2 BPA-free mixing bottles with a volume of 600 ml
- One-touch shuffle feature
- Level indicator
- Special silicone handle
- Dishwasher safe parts
- Ice breaking feature
- Non-slip base
- High quality stainless steel 4 blades
- Easy to use
- 1 Lt extra blending jar

## **E 212 PB**

### **Personal Blenders Features**

- Power 550 W
- 2 BPA-free mixing bottles with a volume of 600 ml
- One-touch shuffle feature
- Level indicator
- Special silicone handle
- Dishwasher safe parts
- Ice breaking feature
- Non-slip base
- High quality stainless steel 4 blades
- Easy to use

## AIRFRYERS

### E 244 AF Airfryers Features

- Digital control screen
- Power 1550 W
- Large product volume (4 Liters)
- 74% Energy saving compared to the Oven
- Odourless and smokeless cooking
- User Friendly Display
- Adjustable cooking time

### Less Fat Technology

Less Fat Technology only requires a single tablespoon of oil to create the healthiest and tastiest results.

### Circulation Air Tech

By circulating hot air, heat is equally distributed around the food, making sure it is evenly cooked.

## E 251 AF Airfryers Features

- Manual control panel
- Power 1550 W
- Large product volume (4 Liters)
- 74% Energy saving compared to the Oven
- Odourless and smokeless cooking
- User Friendly Display
- Adjustable cooking time

### Less Fat Technology

Less Fat Technology  
only requires a single tablespoon of oil to  
create the healthiest and tastiest results.

### Circulation Air Tech

By circulating hot air, heat is equally  
distributed around the food,  
making sure it is evenly cooked.

## AIRFRYERS

### E 329 AF Airfryers Features

- User Friendly Ghost Screen Display
- Power 1550 W
- Large product volume (4 Liters)
- 74% Energy saving compared to the Oven
- Odourless and smokeless cooking
- Adjustable cooking time

### Less Fat Technology

Less Fat Technology  
only requires a single tablespoon of oil to  
create the healthiest and tastiest results.

### Circulation Air Tech

By circulating hot air, heat is equally  
distributed around the food,  
making sure it is evenly cooked.

## E 279 AF Mini Airfryers Features

- Power 1000 W
- 2.2 lt compact capacity
- 360 degrees air circulation
- Odourless and smokeless cooking
- Adjustable cooking time
- Less Fat Technology for cooking with minimum oil
- Easy Wash Technology for washing machine

### Less Fat Technology

Less Fat Technology only requires a single tablespoon of oil to create the healthiest and tastiest results.

TÜRKİYE

### Circulation Air Tech

By circulating hot air, heat is equally distributed around the food, making sure it is evenly cooked.

## AIRFRYERS

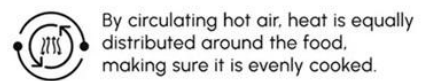

### E 270 AF – DUO Airfryers Features

- Digital control screen
- Power 2500 W
- Large separate product volume (4 Liters each)
- 74% Energy saving compared to the Oven
- 6 cooking functions
- Odourless and smokeless cooking
- User Friendly Display
- Adjustable cooking time

### Circulation Air Tech

### Less Fat Technology

Prepare two  
different dishes at  
the same time!

Prepare meals for  
up to 8 people

No odour or taste  
transfer

## JUICE EXTRACTOR

### E 147 JEM JUICE EXTRACTOR FEATURES

- 1500 W motor + easy assembly
- Easy to clean
- 2 lt fruit in juice once
- 75 ml XL feeding tube
- Transparent pulp container
- Stainless steel filter
- Stainless steel spout
- Metal and Plastic version options

## CHOPPERS

### **E 900 CH** **CHOPPERS Features**

- Powerful 500 Watt motor
- Large 1000 ml glass chopping bowl
- Anti-spill cover
- Stainless steel angular blade effortlessly chops and blends a variety of food such as meats, cheeses, fruits, vegetables and nuts
- Whisking attachment
- Optional plastic storage cover for the bowl
- Optional glass bowl

## CHOPPERS

### **E 140 CH** **CHOPPERS Features**

- Powerful 500 Watt motor
- Large 1000 ml glass chopping bowl
- Anti-spill cover
- Stainless steel angular blade effortlessly chops and blends a variety of food such as meats, cheeses, fruits, vegetables and nuts
- Whisking attachment
- Optional plastic storage cover for the bowl
- Optional glass bowl

## CHOPPERS

### **E 650 CH** **CHOPPERS Features**

- Powerful 500 Watt motor
- Large 1000 ml glass chopping bowl
- Anti-spill cover
- Stainless steel angular blade effortlessly chops and blends a variety of food such as meats, cheeses, fruits, vegetables and nuts
- Whisking attachment
- Optional plastic storage cover for the bowl
- Optional glass bowl

## CHOPPERS

### **E 950 CH** **CHOPPERS Features**

- Powerful 500 Watt motor
- Large 1000 ml glass chopping bowl
- Anti-spill cover
- Stainless steel angular blade effortlessly chops and blends a variety of food such as meats, cheeses, fruits, vegetables and nuts
- Whisking attachment
- Optional plastic storage cover for the bowl
- Optional glass bowl

## CHOPPERS

### **E 108 CH** **Choppers Features**

- 1000ML Healthy Glass Bowl
- Ice Crushing
- Knife Blade
- 550 W Motor

## CHOPPERS

### **E 450 CH** **CHOPPERS Features**

- Handy size mini chopper
- Powerful 400/500 Watt motor
- Safety breaking system
- Safety interlock system
- Dishwasher safe 750 ml capacity bowl and lid
- High quality stainless steel chopping blades
- Simple touch button control with 2 pulse-speed selection

## CHOPPERS

### **E 129 CH** **CHOPPERS Features**

- Powerful 500 Watt motor
- Stainless steel double chopping blade
- Safety breaking system
- Safety interlock system
- Dishwasher safe 750 ml capacity bowl and lid
- High quality stainless steel double chopping blades
- Simple touch button control with 2 pulse-speed selection

## CHOPPERS

### **E 550 CHB** **Choppers Features**

- Unique mini chopper with 2 bowls operating at the same time
- Powerful 500 Watt motor
- 500 ml capacity main bowl + 200 ml capacity mini bowl
- Safety breaking system
- Safety interlock system
- Dishwasher safe bowls and lid
- High quality stainless steel chopping blades
- Simple touch button control with 2 pulse-speed selection

## CHOPPERS

### **E 955 CH** **CHOPPERS Features**

- 500 Watt
- Stainless steel double blade
- Cord storage housing
- 2 stainless steel blades
- Press on
- 1500 ml plastic bowl
- Non-slip pad

## CHOPPERS

### **E 700 CHB** **CHOPPERS Features**

- ✓ 500 W power motor
- ✓ 1500 ml plastic bowl
- ✓ 6 stainless steel blades
- ✓ 1200 ml extra blending jar with anti-splash lid

## COFFEE MAKERS

### **E 218 FCM-B Filter Coffee Makers Features**

- Power: 650W
- Voltage: 220-240V
- Frequency: 50/60 Hz
- Filtre Coffee and Turkish Tea
- 5 cups of water tank capacity
- Ideal brewing temperature
- Adjustable coffee density
- Injection color

## E 301 ACM

### Automatic Turkish Coffee Maker with Water Tank

- Power : 735 W
- Max.water tank capacity : 0,9lt
- Automatic water taking
- Max.300 ml coffee pot
- Smart sensor to avoid overflowing
- Light and audio warning system
- Easy usage
- AquaBrew Technology
- Injection color

## COFFEE MAKERS

### E 225 ACM / Barista Coffee Makers Features

- Power: 735W
- Voltage: 220-240V
- Frequency: 50/60 Hz
- Turkish Coffee
- Milk Drinks Preparation
- Latte Turk / Cappuccino Turk
- Milk Warming
- Milk Frother

## **E 176 KCM**

### **Coffee Makers Features (2 in 1)**

- Current: 1300 W
- Capacity: 220-240V AC - 50-60 HZ
- Easy to use with a single button
- Illuminated warning
- Audible warning
- Protection against operating without water
- Luminasense Technology to prevent coffee overflow
- Phased lighting system during operation
- Filter coffee brewing with stainless steel
- 30 minutes of heat preservation in filter coffee
- Ideal brewing temperature

## **E 215 KCM**

### **Coffee Makers Features ( 5 in 1)**

- Current: 1300 W
- Capacity: 220-240V AC - 50-60 HZ
- Easy to use with a single button
- Illuminated warning
- Audible warning
- Protection against operating without water
- Luminasense Technology to prevent coffee overflow
- Phased lighting system during operation
- Water level gauge
- Coffee measurement spoon
- Talking Coffee Machine
- Roasted Turkish coffee flavor
- Milk preparation
- Milk heating feature
- filter coffee enjoyment
- Tea brewing feature

## COFFEE MAKERS

**E 199 ECM**

**E 187 ECM**

**E 194 ECM**

### **Coffee Makers Features**

- 5 Cups / 1 button
- 535 W
- Anti Spill
- Perfect Pouring
- Sound Alarm
- Optiglow Technology ( Automatic temperature and boil control for authentic Turkish coffee.)

**E 242 ECM**

**E 163 ECM**

## **Turkish Coffee + Milky Beverage Coffee Makers Features**

- Power: 535 W
- Current: 220-240 V AC, 50/60 HZ
- Max. 4 cups capacity
- Easy to use with double buttons
- Milk beverage option
- Illuminated warning
- Audible warning
- Protection against operating without water
- Luminasense Technology to prevent coffee overflow
- Phased lighting system during operation
- Water level gauge
- Coffee measurement spoon
- Milk cleaning brush

## **E 220 ECM**

### **Automatic Turkish Coffee 2 buttons**

- 535W
- 220-240V 50-60 Hz.
- **Normal and slow cooking features with 2 button**
- Audible warning
- Protection against operating without water
- Luminasense Technology to prevent coffee overflow
- Phased lighting system during operation
- Water level gauge
- Coffee measurement spoon
- Anti-drip coffee pot spout
- Plastic coffee pot

## **E 197 ECM**

### **Automatic Turkish Coffee**

- 5 Cups / 1 button
- 535 W
- Anti Spill
- Perfect Pouring
- Sound Alarm
- Optiglow Technology ( Automatic temperature and boil control for authentic Turkish coffee.)
- Injection color

## E 344 ECM

### Automatic Turkish Coffee 3 buttons

- 535W
- 220-240V 50-60 Hz.
- **Normal , slow cooking and aromatic features with 3 buttons**
- Audible warning
- Protection against operating without water
- Luminasense Technology to prevent coffee overflow
- Phased lighting system during operation
- Water level gauge
- Coffee measurement spoon
- Anti-drip coffee pot spout
- Plastic coffee pot

## **E 233 ECM / Double Coffee Makers Features**

- Power: 1400 W
- Current: 220-240 V AC, 50/60 HZ
- Turkish Coffee with Milk
- Turkish Coffee
- Coffee with Milk
- Hot Chocolate with Milk
- Milk Warming

## **E 160 ACM/ Double with Watertank Coffee Makers Features**

- Energy: single heater 735 W, dual heater 1.470 W
- Voltage: 220-240 V AC, 50/60 Hz
- Automatic water feeding system
- 2,3 lt capacity removable water tank
- Double brewing chamber
- 8 Turkish coffee cups capacity at one time with two chambers (1 cup max. 70 ml)
- Touch control panel
- Luminasense Technology that prevents overflow
- Small, medium and large cup size selection
- Coffee cup size memory
- Low water level alert
- Illuminated/sound alert for all operations
- Protection against operating with no water
- Illuminated brewing slot during operation
- Water level window in brewing chamber
- On/Off button

**Model : E 169 ACM**

**Automatic Turkish Coffee Maker with Water Tank**

- 1 LT. water tank capacity
- Capacity of 4 cups of Turkish coffee at one time
- 735W
- 50-60HZ.
- Voice warning system
- Luminasense System that prevents overflow
- Led light
- Low water level setting
- Coffee measuring spoon

## TEA MAKERS

### E 258 TM

#### TeaMakers Features

- 2500 W power motor
- 0,5 lt glass tea pot
- 0,8 lt large glass kettle
- Automatic Tea brewing function
- Automatic filter coffee brewing function
- Automatic Keep-Warm Function
- Preparation of Baby Food Water Feature
- Staling Warning Light Feature
- Voice Notification Feature
- Tea-brewing in 15 min
- Touch panel

## TEA MAKERS

### E 235 TM TeaMakers Features

- Kettles power is 1700 W
- Max. capacity of glass cattle is 1,5 lt.
- Glass tea pot with capacity of 0,8 lt.
- Brewing black tea, herbal tea and baby food water
- Keep warm function.
- Heat temperature adjustment function
- Rubber drip tray
- Warning indicator
- Audible Warning – it speaks when it starts to brew and tea is ready

## TEA MAKERS

### **E 245 TM** **TeaMakers Features**

- Kettles power is 1700 W
- Max. capacity of cattle is 2,2 lt.
- Glass tea pot with capacity of 0,9 lt.
- Brewing black tea, herbal tea and baby food water
- Keep warm function.

## E 189 TM

### Tea Makers Features

- Power: 1 700 W
- Current: 280 w
- Capacity: 1,9 water heaters reservoir / 0,9 L glass teapot
- Boiling and keeping warm functions
- Waterless working safety
- Possibility to use it as a water heater
- Special strainer centering teapot lid
- 360° rotatable base
- Wireless easy to use
- Light warning system

## E 170 TM

### Tea Makers Features

- Power: 1 700 W
- Capacity: 1,8 water heaters reservoirs / 0,9 L glass teapot
- Easy to use with a single button
- Illuminated boiling indicator
- Audible warning
- Concealed heating element for perfect cleaning
- Permanent limestone filter
- 360° rotational bases
- On/Off button
- A safety system that prevents running without water
- Hidden resistance

## E 16 TM

### Tea Makers Features

- 1500 Watt boiling heating element
- 280 Watt keep warm heating element
- Auto shut-off
- Concealed resistance
- Glass teapot with capacity of 0.85 lt
- Kettle with max. capacity of 1.7 lt and water level indicator
- Red light indicator which shows the water is boiling
- Green light indicator on when keeping water warm for service (% 90 energy saving)
- Ability to use as kettle due to special lid
- 360° rotation
- Cordless use
- Stainless steel tea filter
- Cable storage area under the base

## E 1210 LED

### Vacuum Cleaners Features

- Electronic adjustable vacuum power
- 2 L dust capacity
- Cyclone
- Cassette filter
- H.E.P.A 13 Filter
- Automatic cord rewriter
- Park position

#### Accessories:

- Turbo brush
- Crevice nozzle
- Combi brush
- Telescopic tube
- Floor brush
- 5 m power cord
- Steel wired flexible vacuum hose
- Hard floor nozzle

## **E 1550 BVC-V4**

### **Vacuum Cleaners Features**

- Powerful 899 Watt motor
- Turbo Cyclone 8
- HEPA 13 filter
- 3,15 lt dust capacity
- Ergonomic design
- 8 meters cable length
- 73 dB noise level
- AAA energy class

## E 1550 BVC – S6 Vacuum Cleaners Features

- High Efficiency 900W motor.
- Turbo cyclone 8
- Hepa 13 filter
- 2,8 lt dust capacity
- Ergonomic design
- 6 meter cable length
- 75 db noise level

## **E 1550 BVC-E** **Vacuum Cleaners Features**

- Powerful 899 Watt motor
- Turbo Cyclone 8
- HEPA 13 filter
- 3,15 lt dust capacity
- Ergonomic design
- 8 meters cable length
- 73 dB noise level
- AAA energy class
- Remote control
- Vertical and horizontal parking

## **E 1210 FE XL**

### **Vacuum Cleaners Features**

- Powerful 899 Watt motor
- Cyclonic filtration system
- HEPA 13 filter
- 2 lt dust capacity
- Ergonomic design
- Easy to empty dust
- Carry handle for portability
- Ability to stand upright
- Multifunction cable rewriter for easy use
- Easy ON/OFF foot pedal
- Variable speed version
- Dusting brush and crevice tool
- Metal telescopic tube
- Flexible swivel hose with locking mechanism to the main unit
- Wheeled floor/carpet nozzle

## **E 237 BVC – Speed control Vacuum Cleaners Features**

- High Efficiency 900W motor.
- Stainless steel telescop tube with 18 level adjustable lenght .
- %99.98 dust blocking with unwashable and big size H.E.P.A 13.
- Electronic model with speed control from main body.
- Flexible and durable LDPE hose.
- Ergonomic covered handle.
- Extra part for sofa cleaning.
- 2 LT tank capacity.
- Erna Maş patented dust filter system.
- Easy movement ability and 360° rotatable 2 front wheels.
- Easy parking with 2 options.

### **E 237 BVC – On | off Vacuum Cleaners Features**

- High Efficiency 900W motor.
- Stainless steel telescop tube with 18 level adjustable lenght .
- %99.98 dust blocking with unwashable and big size H.E.P.A 13.
- Flexible and durable LDPE hose.
- Ergonomic covered handle.
- Extra part for sofa cleaning.
- 2 LT dust container capacity.
- Erna Maş patented dust filter system.
- Easy movement ability and 360° rotatable 2 front wheels.
- Easy parking with 2 options
- Injection color

## **E 206 BVC**

### **Vacuum Cleaners Features**

- Powerful 899 Watt motor
- 1.5 L dust capacity
- Cyclonic filtration system
- HEPA Filter
- Ergonomic design
- Easy to empty dust
- Carry handle for portability
- Ability to stand upright
- Multifunction cable rewriter for easy use
- Easy ON/OFF foot pedal
- Variable speed version
- Dusting brush and crevice tool
- Metal telescopic tube
- Flexible swivel hose with locking mechanism to the main unit
- Wheeled floor / carpet nazzle

## E 249 VC

### Stick Vacuum Cleaner Features

- 15 W electric turbo brush with led lights
- BLDC motor
- 350W motor
- 0,6 lt dust tank
- 3 different speed options
- Turbo brush with 2500 cycles per minute
- External rechargeable battery
- Turbo mode
- 45 minutes maximum run time with 2000 Mah battery
- Ergonomic design

### E 249 VC – Pro Stick Vacuum Cleaner Features

- 15 W electric turbo brush with led lights
- BLDC motor
- 350W motor
- 0,6 lt dust tank
- 3 different speed options
- Foldable hose feature
- Turbo brush with 2500 cycles per minute
- External rechargeable battery
- Turbo mode
- 45 minutes maximum run time with 2000 Mah battery
- Ergonomic design
- Extra pet accessory
- Injection color

## E 39 ESE

### Vacuum Cleaners Features

- 800 Watt
- Dust capacity 7 L
- Infinitely electronically variable
- Ergonomic handle
- Dust reservoir 1 L
- Easy maneuverability
- Cable support with rotating hook
- E.P.A filter
- Switch -over floor suction nozzle
- Hard floor nozzle
- Crevice nozzle
- Cable length: 6 m

## **E 39 ES**

### **Stick Vacuum Cleaner**

- 850 W motor
- On/off switch
- Ergonomic handle
- 1 lt dust capacity
- Triangle nozzle
- Easy turning handle
- Rotating cord tidy
- Cable length : 6 m
- Parquet slide, specially designed for gentle treatment
- Hard floor nozzle

**E 167 VS**  
**Stick Vacuum Cleaner**

- 800 Watt
- 1,2 high capacity
- Easy to clean
- Easy to carry
- Ergonomic handle
- Delta head
- Adjustable power
- Cyclonic technology
- 6m power cord

## E 224 VC

### Vacuum Cleaners Features

- 800W motor
- Washable EPA 10 filter
- 1 lt dust tank
- 79 dBA sound level
- 2 in 1 usage option
- Telescope tube
- 8 m power cord

Thank You
