A WORLD OF HYGIENE

halkhijyenik.com.tr

gizmo-baby.com

Halk Hygienic, established in 2013, is one of Türkiye's strong and leading manufacturers of hygienic products. As an export champion, our company has achieved and continues to achieve significant success in the international arena by competing with world giants. Behind these achievements is a visionary management approach that increases the value and recognition of our brands.

Halk Hygienic is one of the leading manufacturing companies in domestic and international markets, exports to more than 80 countries, and offers safe and human health-sensitive products to the homes of millions of users. Achieving pioneer in Türkiye and coming to the forefront with the innovations brought to the sector due to large R&D investments and innovation studies, our company offers customized solutions to customers in different parts of Türkiye and the world with the products it produces.

Our company's wide product range includes high-absorbent and comfortable baby diapers, sanitary pads that offer maximum leakage protection and comfort, adult diapers that provide long-term use and high-absorbent power, wet wipes specially formulated for babies and children, effective stain remover detergents, towels that provide practical use and cleaning on different surfaces, and fast and effective body cleaning wipes suitable for sensitive skins.

As Halk Hijyenik, we place all the principles of sustainability at the center of all our business processes. To minimize our environmental impact and protect natural resources, we use technologies to increase energy efficiency in our production processes. We also ensure that our products are environmentally friendly and encourage using recyclable materials. We are acting with the responsibility of leaving a more livable world to future generations and developing sustainable business models.

As Halk Hygienic, we aim to reinforce our leading position in the market with innovative and sustainable products and always aim to offer the best solutions to our customers.

| PLANNING AND PRODUCTION

28.500 m² is closed of the total area of 59.000 m² is built on our modern production facility with the latest technology high-speed production and packaging lines with an annual capacity of 1.366.560.000 pieces in diapers, 683.280.000 pieces in sanitary napkins, 157.680.000 pieces in patient diapers, 1.103.760.000 pieces in Surgical Mask production, 63.072.000 packages in wet wipes production in a hygienic environment with fully automatic packaging lines following ISO 9001 Quality standards.
