

# ONE SOURCE FOR COMPLETE FUELING SOLUTIONS

Çözüm  
Yaratır...

# WHO ARE WE?

- Found in 1988 in Istanbul/Turkey by Mr. Bekir ALUC and Mrs. Yasemin ALUC
- Became a member of PEI in 2002 and Apea in 2013
- Re-Located to our own building in 2004 which is 2500 sqm.
- Earned ATEX approval for its production in 2007
- We own ISO 9001:2015 Quality Management Systems, 14001:2015 Environmental Management System and 45001:2018 Occupational Health and Safety Management Systems certificates.

# WHO ARE WE?

- In 2016, for the first time in Turkey, we received 17020 Type A Accreditation in the field of leak tests of fuel tanks, lines and mechanical leak detectors.

# WHO ARE WE?

- © We are one of the biggest distributors of Franklin Fueling Systems and OPW in the EMEA region.

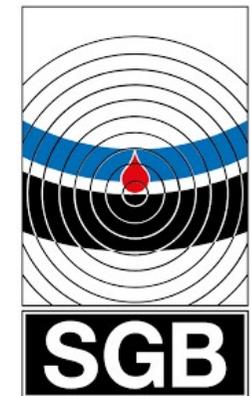

**Franklin Fueling Systems**

Personel:  
TS/EN ISO/IEC 17024  
AB-0218-P

# WHO ARE WE?

© In addition, we are the representative in Turkey of the world's leading manufacturers and service providers such as Tanknology, Berrys, Continental, CGH, Filoform, Alma, SGB, Alfagomma from United States to Germany and from England to France.

# WHO ARE WE?

- © We are the A-type engineering contractors of all oil companies in Turkey, especially Petrol Ofisi, Shell, Opet, Bp, Total, Aytemiz, Lukoil, Turkish Petroleum and etc.

bp

# OUR MISSION

- ① We devoted ourselves to find optimum solutions for Energy Industry's current and future problems. Therefore;
- ① We are going to improve our product range and quality consistently in order to respond our customer's needs.
- ① We are going to work with our business partners in an exact settlement in order to supply their products with the most active and effective manner.
- ① We are going to build up and maintain desired working conditions that maximizes the creativity and the productivity of all our employees.
- ① We are going to keep our words against our customers, business partners and employees and always abide by professional ethics.

# OUR VISION

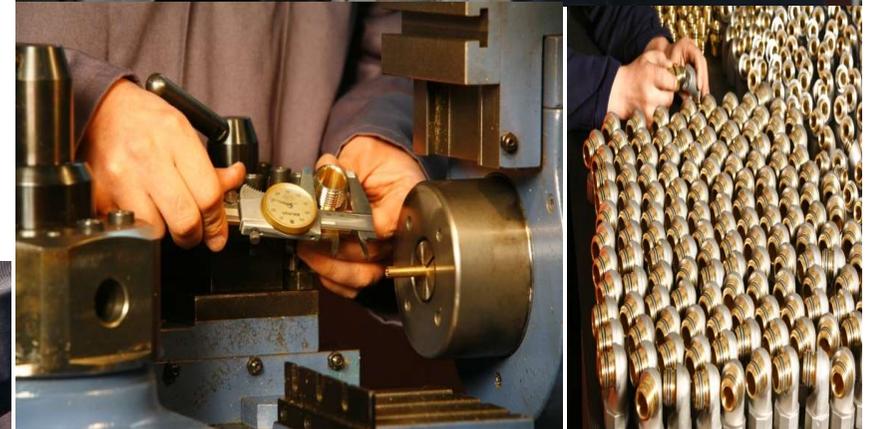

- ⦿ We will be;
- ⦿ The first choice of all the oil companys' for equipment and engineering needs
- ⦿ The complete provider of equipment and engineering services not only for the petroleum market but also for the energy industry in total
- ⦿ The innovators for alternative energy products and technologies in Turkey via our global partners
- ⦿ A regional source of equipment and engineering solutions for the energy market in general

# Our Product and Engineering Solutions

## INTERPET PRODUCTS

- ◎ Our company, which has been manufacturing since 1991, has 7 CNC machines and Atex certificate in the field of dispenser and environmental equipment. Our products are safely used not only in Turkey, but also in about 20 other countries including Iraq, Syria, Azerbaijan, Poland, Germany, Kazakhstan, Georgia, Greece, Bulgaria, Libya, Jordan, United Kingdom and even United States.
- ◎ Among the companies we manufacture, there are also those that we represent, such as Opw and Continental.

# Our Product and Engineering Solutions

## INTERPET PRODUCTS

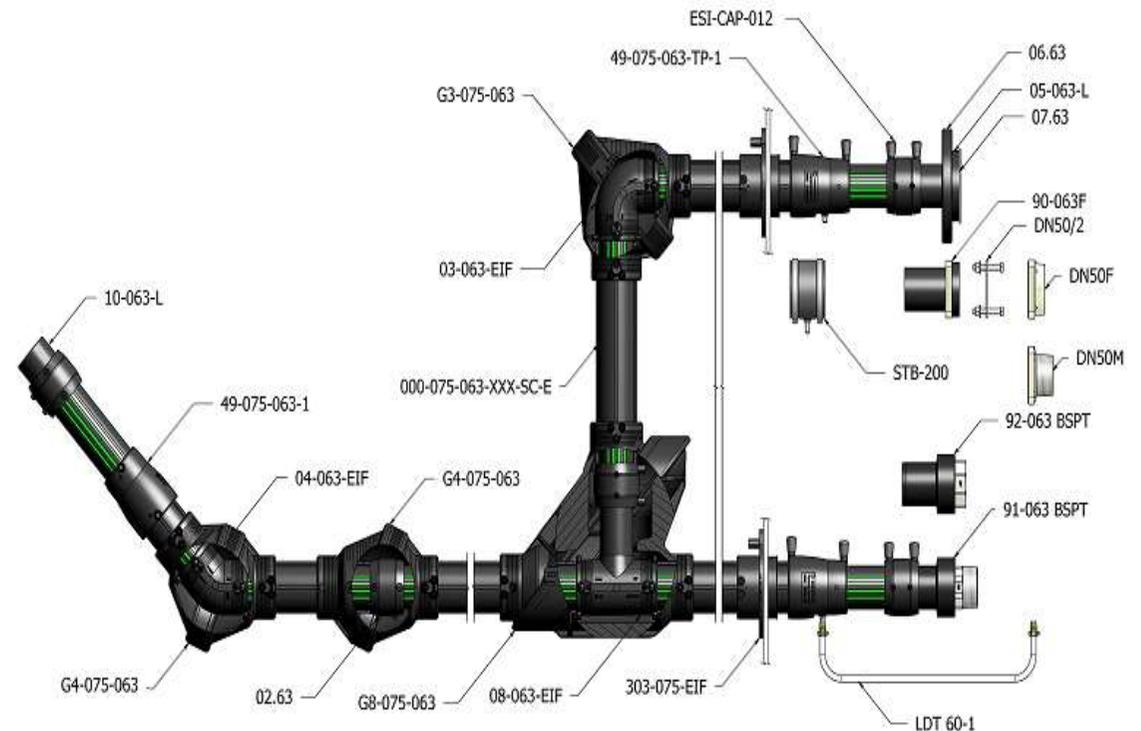

- In addition to the swivels, breakaways, swivel-breakaways, LPG nozzles, various type of fittings and thus complete hose assemblies used in dispensers, which are our leading products, we also produce Wearable Nozzle Talkers, with our own patent, in desired colors, which can be assembled on to the nozzles without disassembling them.

# Our Product and Engineering Solutions

## FRANKLIN FUELING PRODUCTS

- We are certified to supply and implement the following solutions of Franklin Fueling, one of the world's largest manufacturers of fuel equipment and solutions:
- **Upp Underground Piping Systems**

# Our Product and Engineering Solutions

## FRANKLIN FUELING PRODUCTS

- ◎ We are certified to supply and implement the following solutions of Franklin Fueling, one of the world's largest manufacturers of fuel equipment and solutions:
- ◎ **Fe Petro Submersible Pumps and Accessories**

# Our Product and Engineering Solutions

## FRANKLIN FUELING PRODUCTS

- ◎ We are certified to supply and implement the following solutions of Franklin Fueling, one of the world's largest manufacturers of fuel equipment and solutions:
- ◎ **Fuel Management Systems to include Evo ATG, ELLD, Sensors, SCM, VR Monitoring, Corrosion Control, Variable Speed Solutions and etc.**

**EVO**<sup>TM</sup>  
SERIES

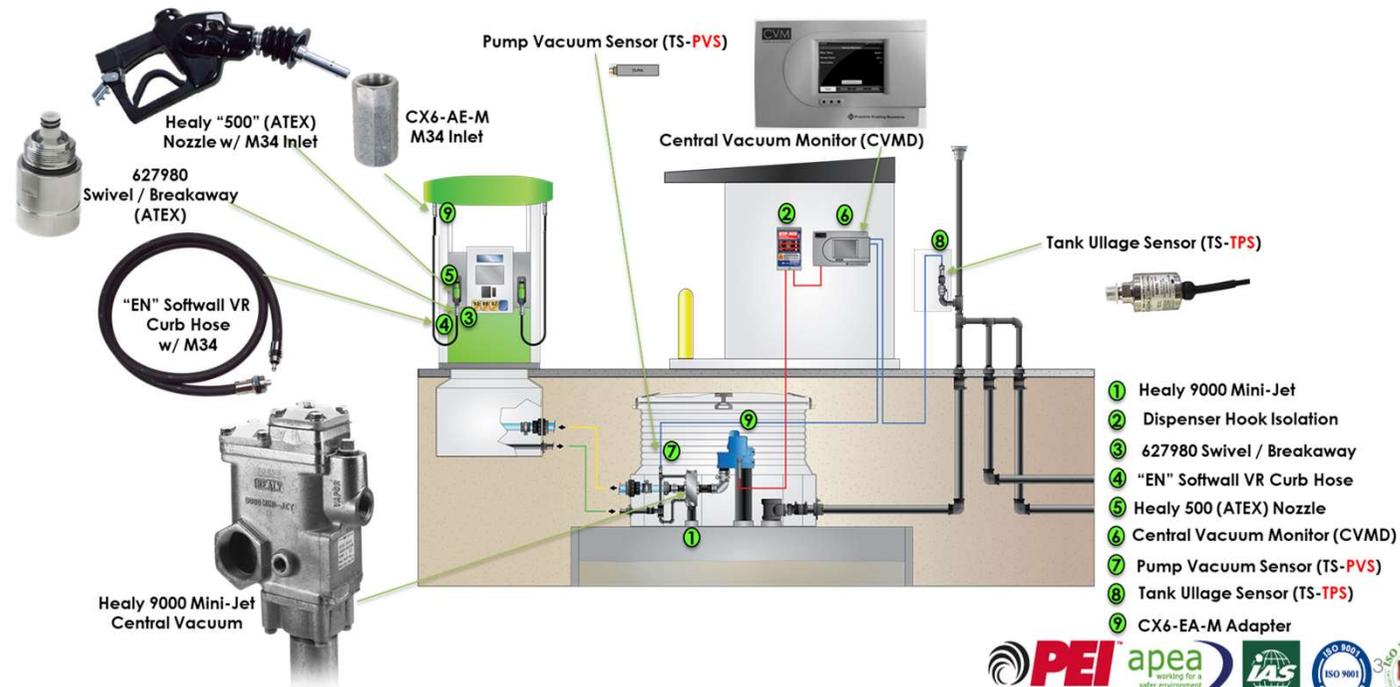

# Our Product and Engineering Solutions

## FRANKLIN FUELING PRODUCTS

- We are certified to supply and implement the following solutions of Franklin Fueling, one of the world's largest manufacturers of fuel equipment and solutions:

- **Healy Vapor Recovery Systems**

# Our Product and Engineering Solutions

## OPW PRODUCTS

- ◎ We are certified to supply and implement the following solutions of Opw, one of the world's largest manufacturers of fuel equipment and solutions:
- ◎ **Dispenser Hanging Hardware: Conventional Nozzles, Swivels, Breakaways and etc.**

# Our Product and Engineering Solutions

## OPW PRODUCTS

- ◎ We are certified to supply and implement the following solutions of Opw, one of the world's largest manufacturers of fuel equipment and solutions:
- ◎ **Enrionmental Products: Spill Containers, Overfill Valves, Shut-off Valves, Caps, Stage 1 VR Equipment and etc.**

# Our Product and Engineering Solutions

## OPW PRODUCTS

- ① We are certified to supply and implement the following solutions of Opw, one of the world's largest manufacturers of fuel equipment and solutions:
- ① **Above Ground Storage Tank Equipment**

# Our Product and Engineering Solutions

## OPW PRODUCTS

- ◎ We are certified to supply and implement the following solutions of Opw, one of the world's largest manufacturers of fuel equipment and solutions:
- ◎ **Clean Energy Products: LPG, CNG, Hydrogen**

# Our Product and Engineering Solutions

## CONTINENTAL/ALFAGOMMA PRODUCTS

- ◎ We supply UL and EN Approved Continental hoses of Contitech, the world's largest hose manufacturer, and Italian Alfacomma's EN hoses, either in bulk or as finished hose assemblies whose leakage and electrical conductivity tests have been completed.

# Our Product and Engineering Solutions

## BERRYS' PRODUCTS

- ◎ We both supply and implement Berrys' unique Cross Fill Prevention Systems, which prevent misfueling of fuel tanks; a major problem of the fuel industry. We offer fixed and portable models that can be used in all existing stations with the Plug and Play philosophy.

# Our Product and Engineering Solutions

## BERRYS' PRODUCTS

### HYBRID

Fill points within tight compartments

### FIXED

Above or below ground fittings

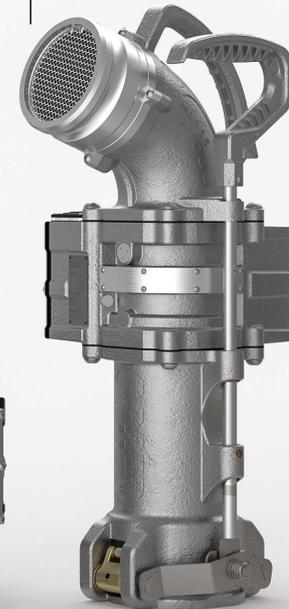

### COMPACT

Above ground fill points

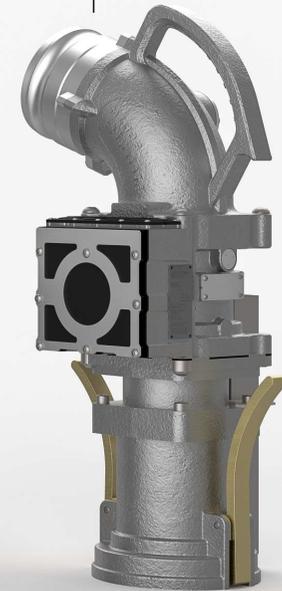

### ELBOW

Below ground fill points

### SIDE CLIP

Fill points within shallow cabinets

# Our Product and Engineering Solutions

## BERRYS' PRODUCTS

# Our Product and Engineering Solutions

## FILOFORM PRODUCTS

- © We successfully apply the FiloSeal and MD5 entry boot sealing systems of Filoform, a world leader in sealing, at all stations that have water problems without any excavation or breaking of concrete.

**FILO**form

# Our Product and Engineering Solutions

## ALMA PRODUCTS

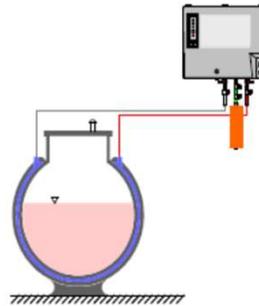

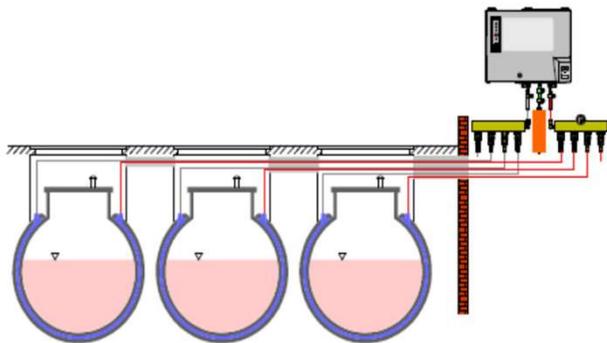

- © We represent Alma company, founder of portable electronic tanker flow meters technology. The Flexicompt+ is a revolutionary unique product just like Midas.

# Our Product and Engineering Solutions

## SGB PRODUCTS

- We are both representative and installer of SGB, a leader in the manufacturing of pressure and vacuum monitoring systems for both double-walled tanks and fuel lines.

# Our Product and Engineering Solutions

## EAE LED LIGHTING FIXTURES

- ◎ We are the representative of EAE, Turkey's largest company in Led Lighting products, in the field of Fuel Stations.

# Our Product and Engineering Solutions

## TANKNOLOGY COMPLIANCE SERVICES

- As the first 17020 Type A Accredited company in Turkey, we provide the Vacuum and Acoustic test services of Tanknology, the world's leading technology leader in testing of tanks, lines and mechanical leak detectors, with our special service vehicles and trained teams.
- With Petroscope, the in-tank imaging system of the same company, we show you what is happening inside your storage tank.

THANK YOU FOR YOUR VALUABLE TIME
