ABOUT

Leading with Purity Trusted for Quality

ADA FOOD is one of Turkey's leading exporters, proudly representing the country internationally for over three decades.

With its headquarters located in Gaziantep's 1st Organized Industrial Zone and a 50.000 m2 production facility, along with a 20.000 m2 facility in Adana Yumurtalik Free Zone, ADA FOOD has an important role in the global market.

Primarily focused on exports, ADA FOOD supplies its products to over 80 countries, with many of its brands holding market-leading positions. This success significantly contributes to Turkey's economy, particularly in key markets such as South America, the Middle East, and Africa, where it is recognized as one of Turkey's most trusted representatives.

Our story began in 1993 in the fertile sunflower fields of Turkey. Since then, we have been delivering the finest sunflower oil from the fields of Marmara and premium wheat from the Mesopotamian plains to kitchens worldwide. With a passion for health and quality, we strive to bring joy and trust to your table every day.

Setting Standards Inspiring Confidence

Established in 1993 with an annual export capacity of 50,000 tons, our company is one of the leading producers in the industry with its advanced technology. By leveraging innovative solutions and continuously expanding its product portfolio to meet market demands, we provide our customers with reliable and high-quality products.

Founded in Gaziantep, our company has achieved remarkable success in exports thanks to its strong industrial background and expertise. Our dedication to excellence, combined with investments in cutting-edge technology and skilled human resources, forms the foundation of our achievements.

With a mission to ensure access to healthy and reliable food, we have built strong international partnerships and made significant investments in the fields of vegetable oil and pasta, solidifying our position as a leader in the sector.
